

WOMEN HOLD their children amid the ruins of their shanty homes in Manila after Typhoon Winnie tore through the Philippines capital. The storm, with winds up to 95 miles an hour, left widespread destruction and a death toll which mounted to 44 today. (AP Wirephoto via radio from Manila)

Typhoon Leaves Havoc In Manila; 44 Perish

MANILA (AP) — Casualty figures from Typhoon Winnie soared today as reports of death and destruction from one of the worst storms ever to smash through Manila started trickling in from stricken areas.

The Philippine News Service and local newspapers reported 44 dead although the Red Cross listed only 11 fatalities. The Red Cross reported 275 injured and 376,897 homeless in cities and provinces of central Luzon Island hit by the typhoon.

Manila declared a state of

calamity and began clearing rubble and debris. The city of two million still was without electric power and water 36 hours after the typhoon roared in from the Pacific with winds up to 90 miles an hour Monday night.

Public transportation was restored this morning. City streets were choked with cars and buses.

The Manila International Airport reopened to traffic after a 36-hour suspension.

The typhoon passed south of the big U.S. Clark Air Force Base, 45 miles north of Manila, but hit the U.S. Navy's Sangley Point Air Station across the bay from Manila. A Navy spokesman said there were no

casualties. Aircraft were either lashed securely or flown to safer areas.

The Manila Weather Bureau said the typhoon, still packing 95 - mile winds, was churning across the South China Sea toward the Chinese mainland.

Approval Near On Rights Bill

WASHINGTON (AP) — The House votes Thursday on the revised civil rights bill. Overwhelming approval is expected which would send the measure to President Johnson for a symbolic July 4th signing ceremony.

Tuesday night, a pro-civil rights bloc on the House Rules Committee, by a 10-5 vote, cleared the 126-page bill for House floor action.

The House approved the original version on Feb. 10 by a vote of 290 to 130. House members now will vote on the Senate version of the bill.

The idea of a Fourth of July signing ceremony moved a Rules Committee member, Rep. William M. Colmer, D-Miss., to declare "I think it would be a desecration."

Indians Taught To Make Arrows

WASHINGTON (AP) — Thirteen Indians will be taught how to make bows and arrows in an on-the-job training program.

The New Mexico congressional delegation was advised Tuesday by the Bureau of Indian Affairs that the \$13,175 program will be conducted at Groves Archery Corp. in Albuquerque, N.M.

Romney Given Cold Shoulder By Goldwater

LANSING (AP) — Arizona Sen. Barry Goldwater turned a cold shoulder to Gov. George W. Romney Tuesday night after receiving a warm Michigan welcome.

Goldwater, who pocketed 48 Illinois votes earlier in the day, spent an hour and a half with the 48-vote Michigan delegation to the Republican national convention and, according to his backers, picked up new votes. He estimated his own national delegate strength close to 690 votes.

He apparently fared better with the Michigan delegation than did Pennsylvania Gov. William W. Scranton, who spent 29 hours in Michigan last week in his drive to overtake Goldwater in the race for the Republican nomination for president.

Leaves In Rush
Scranton appeared to have picked up second ballot votes from Michigan's officially uncommitted delegation, while estimates of the senator's overall strength increased after his visit of a little more than three hours.

Goldwater left the Jack Tar Hotel in a rush after a half-hour reception sponsored by the staff of the governor's office and the Republican State Central Committee staff.

Reporters trailed him to the limousine waiting to take him to Lansing's Capital City Airport. To their questions on the closed door meeting with delegates, he at first snapped: "How should I know how I made out?"

He later said he felt he had no commitment in Michigan, that the delegation was committed to support Romney.

The Arizona senator rushed off without meeting with Romney. The Michigan governor has sought the meeting for nine months and twice Tuesday it appeared his wish might be granted.

Goldwater had indicated in a chance meeting with Romney at a Washington airport Monday that he would try to arrive in Michigan early enough to permit a long closed door meeting to discuss key issues with Romney. He arrived late.

He said later, after a 10 - minute meeting with the governor, that he would be willing to delay his departure for a "reasonable length of time" to answer any questions that Romney felt were not answered in the delegate meeting. As he left he said, "We had no time to visit."

Romney, appearing cool toward Goldwater, said in a news conference following the meeting that Goldwater had not answered all questions to his satisfaction. The questions, he said, covered the areas of civil rights, collective bargaining and foreign policy.

Goldwater was presented a list of about 24 questions substantially the same as a list presented to Scranton last week. He also answered questions from the floor.

The meeting also left delegates in an apparent state of confusion. Goldwater backers quoted Romney as saying they were not bound to their pledge to nominate him as a favorite son candidate for president after the platform is resolved at the GOP national convention July 13-17.

Others said they were still bound by the pledge for a first ballot nomination. Romney said that delegates who opposed the move were free to vote according to their conscience at the convention.

The governor placed Goldwater's strength in the Michigan delegation at "six to eight at the start—but no more than that. . . (and) in time 16 to 20." Republican State Chairman Arthur Elliott said Goldwater appeared to have four to eight votes.

Viet Nam War Looking Better, Lodge Reports

WASHINGTON (AP) — Henry Cabot Lodge declared today that the "downward spiral" in the anti-Communist war in South Viet Nam has been stopped.

He said "we will win" if the United States and the South Vietnamese persist in carrying out realistic political and military policies.

In his first major speech since returning from Saigon Monday, after resigning as ambassador, Lodge pictured the greatest threat to this confident outlook as an increase in "hostile outside pressures" from the Communist side.

If those pressures grow too great, he said in an address delivered at the National Press Club, then "we may be forced to take other actions to deal with the new threat."

"Sanctuary" Dangerous
Lodge did not spell out what additional steps might be employed against Communist forces in Southeast Asia. There has been considerable talk from U.S. officials in recent weeks about possibly carrying the war to North Viet Nam by air strikes, but he did not mention that.

He did say, however, that one kind of "outside pressures" can come from neighboring land used as a "sanctuary" from which Viet Nam can be attacked and the Communist Viet Cong forces given assistance "with impunity."

"Obviously," Lodge said, "when one is engaged in a life-and-death struggle, such a 'sanctuary' must not go on forever." But he added: "It should be possible to deal with this problem by peaceful means."

Lodge declared the United States "must work for effective supervision" of South Viet Nam's borders with North Viet Nam, Cambodia, and Laos to stop the Communists from violating them in moving supplies and reinforcements into South Viet Nam and in making attacks on that country.

He said proper supervision of the borders is essential for ending aggression in Viet Nam and for achieving peace in Southeast Asia. He did not say how the supervision might be achieved. There has been speculation that the United States might ask the United Nations to undertake the task.

Lodge devoted his prepared address entirely to a report on the conflict in Viet Nam. He served there as ambassador for 10 months before his decision two weeks ago to come home and help Pennsylvania Gov. William W. Scranton in his fight against Sen. Barry Goldwater for the Republican presidential nomination.

Lodge warned Americans against becoming discouraged about the struggle in Southeast Asia, declaring that they should emulate the "mole-like patience" of the Communists in what he said will be a long struggle.

"If we and the Vietnamese persist in carrying out realistic political and military policies, we will win—provided the hostile outside pressures stay as they were about last summer."

Seaway Tolls Are Unchanged

OTTAWA (AP) — Canada and the United States have agreed to a two-year postponement in any change in the tolls levied on ships and cargoes moving through the St. Lawrence Seaway.

The two countries agreed to wait until July 1, 1966, to decide whether tolls should be raised, lowered or left unchanged to meet the 50-year program for paying off the \$475 million capital cost of building the international waterway.

Privy Council President George McIlraith told the Commons Tuesday that tolls will be left unchanged during the next two years while the toll level is reviewed in relation to seaway traffic.

"At the conclusion of this two-year extension, tolls proposals will be related as realistically as possible to the financial requirements of the seaway entities," he said.

This statement was interpreted here as indicating that Canada will take a hard line in setting tolls in 1966 to cover the costs of building the seaway—as required by both Canadian and U.S. law.

Today's Chuckle

The keynote of the social scale is dough.

Goldwater Handed 48 Illinois Votes

TOP OFFICIALS of the United Auto Workers and General Motors Corp. confer in Detroit as contract negotiations begin. From left: Leonard Woodcock, UAW vice president and director of the union's GM department; Louis Seaton, GM vice president; Earl R. Bramblett, director of labor relations for GM; and UAW President Walter Reuther, holding union proposals. (AP Wirephoto)

Auto Contract Dickers Left To Old Hands

DETROIT (AP) — There were no amateurs at the table when contract negotiations got underway Tuesday between General Motors Corp. and the United Auto Workers.

The top men on both sides have learned their jobs through years of bargaining experience. They have faced each other before, and they will be seeing a lot of each other during what UAW President Walter Reuther predicts will be a "long, hot, hard summer."

Four Key Men

The four key men in the talks are Louis Seaton, GM vice president in charge of personnel; Earl R. Bramblett, GM labor relations director; Leonard Woodcock, a UAW vice president and director of the union's GM department; and Ernest J. Moran, Woodcock's administrative assistant.

Seaton, a youthful 58, joined GM after graduating from Detroit's Wayne State University and entered the industrial relations department four years later.

He took over the GM labor relations section in 1946, and for 10 years was primarily responsible for contracts and daily relations with 21 unions.

Bramblett, 53, is called by Seaton "my workhorse." A native of Georgia, he worked on a Chevrolet assembly line in Flint for five years — beginning at age 17—before transferring to the plant's personnel department in 1933.

The soft-spoken Bramblett was assigned to the GM personnel staff in Detroit in 1936, and became labor relations director 10 years later.

Woodcock, 53, joined a union in 1932, when he found a job with the Detroit Gear and Axle Co. after being laid off from an office job. The union was absorbed by the UAW and so was he.

The tall, slim UAW vice president is a member of the board of governors of Wayne State, a newspaper columnist and an amateur gardener.

Moran, also 53, went to work for GM in 1934. Appointed a UAW international staff member in 1941, he was an organizer in Baltimore and later served on the staff of the UAW's Southern Region.

Moran joined the union's GM department in 1951, and was named to his present post when Woodcock became director of the department.

No Trace Found Of Girl Swimmer Out In Atlantic

NEW YORK (AP)—The Coast Guard has abandoned a two-day search for Britt Sullivan, 29, who reportedly disappeared Sunday, the fifth day of her attempt to swim to Europe.

Planes, cutters and helicopters of the Coast Guard searched the Atlantic Ocean off Long Island but found no trace of her. She had failed to rendezvous with an escort boat.

Fireworks Due Over Auto Tag Sales System

LANSING (AP) — Fireworks after the Fourth of July are due over the issue of whether 35 key license plate sales offices controlled by the secretary of state should be operated under the fee system or civil service.

Immediately at stake will be some \$600,000 in annual fees paid to the political appointees managing the offices in nine major cities.

The 35 offices in dispute are located in Detroit, Flint, Grand Rapids, Pontiac, Saginaw, Bay City, Muskegon, Kalamazoo and Lansing.

More important than the immediate argument is what appears to be a challenge to the State Civil Service Commission authority to determine which state services should be performed by state workers and which can be let out on a fee or contract basis.

Hare Is Ahead

Secretary of State James Hare and the commission have been conducting a running battle on the issue.

Hare is ahead in the fight at this moment. But the Civil Service Commission has said it will bring on a final test by refusing to approve payment of fees to the 35 branch managers.

The commission complained to Hare last July that 14 new fee offices had been established since 1955 and that five offices manned by salaried state workers had been closed during that time. Hare was asked to work out a plan to reverse the trend.

Hare said he felt all license plate offices should be on the fee system but that managers should be given civil service tests and a chance for tenure.

There currently are 230 branch offices under the fee system and only 10 manned by state workers.

The commission objected this would "give civil service status to certain politically appointed fee branch managers and freeze them in their jobs."

Can't Pass Tests

Not all the present branch managers, he said, would pass the tests to qualify for civil service status.

"The main reason to put them under civil service," he said, "is that as independent business men they pay out under social security but can't collect under it. This has been a monstrosity of a system from their standpoint."

After months of negotiations, the commission told Hare last December it would no longer approve the payments to the fee managers of the 35 offices after July 1.

The order said the commission felt that "operation of the fee branch offices in populous areas which could support a full time state office is in violation of the Constitution of the State of Michigan which requires that all such positions in the state service be filled on a merit system basis."

The commission, meanwhile, announced it was preparing to conduct civil service examinations to fill the disputed branch manager jobs.

The 1964 legislature upset the commission's plan, however by the wording of its appropriation for the jobs. It allowed \$1.3 million for the payments to fee branch managers without making any provision for transfer of the funds to cover classified state workers.

Showdown Near

Atty. Gen. Frank Kelley upheld Hare in a ruling stating: "Your office may not establish and operate additional branch offices staffed by civil service employees with funds which have been appropriated by the legislature for the specific purpose of operating fee branch offices."

The opinion said that Kelley was "mindful of the express intent of the Civil Service Commission."

The legislature further got into the act with a study committee which examined the question and heard from both Hare and Franklin DeWald, state civil service director.

The July fireworks will start when the Civil Service Commission refuses to approve the vouchers for the affected fee offices.

Then there will be the question of whether the Department of Administration will approve the payments and if the state treasurer will issue the checks.

Lines are drawn for a legal battle with Kelley battling for Hare and the commission retaining its own attorney for the showdown.

Total Now 708; Backers Sight Early Victory

CHICAGO (AP)—Sen. Barry Goldwater's smashing success with the Illinois delegation prompted his backers today to renew predictions of an early ballot victory for the Republican presidential nomination.

Goldwater was jubilant after winning 48 of the 58 Illinois delegates to the Republican National Convention while Pennsylvania Gov. William W. Scranton failed to pick up a single vote.

"This is the biggest boost for Goldwater's campaign since the California primary," said Hayes Robertson, a staunch Goldwater delegate and former Cook County GOP chairman.

Scranton Optimistic

Robertson and other Goldwater supporters said the strong Illinois vote for the Arizona senator would have national impact and "should result in an easy first-ballot victory" for him.

The poll of delegates was taken after Goldwater and Scranton made separate appearances before the group at closed-door sessions Tuesday.

Sen. Everett M. Dirksen, who had been uncommitted, started the momentum for Goldwater by casting the first vote for him.

Before the meeting, Goldwater's Illinois strength had been listed at 39 votes in surveys by The Associated Press.

The 10 delegates who did not support Goldwater in Tuesday's session declined to back any candidate.

Scranton, although obviously disappointed, contended his poor showing did not deal a fatal blow to his candidacy. He said his decision to address the Illinois delegation was intended to "arouse the public" and not to gain delegates at this time.

He said the overwhelming Goldwater support in the Illinois delegation "did not surprise me or shock me."

Goldwater, although elated over the outcome, would not claim the nomination was wrapped up.

Goldwater said he thought he has "maybe 690" delegates, or 35 more than required for the nomination, but added he would like a bigger insurance margin.

An Associated Press survey showed Tuesday that Goldwater now has 708 committed, instructed, pledged or favorable delegates, which is 50 more than needed for the nomination—if none of the delegates stray. Goldwater's closest pursuer, the survey showed, is Scranton with 145 delegates.

Topless Bikini Called Monokini

EL PASO, Tex. (AP)—Mexican newsmen have coined a word for the topless bikini—monokini.

An eight-column headline in a Juarez newspaper said the monokini had made a "scandalous invasion of Mexico."

Pocket Of Gas Burns Oil Rig; 20 Feared Dead

MORGAN CITY, La. (AP)—A shallow pocket of gas puffed into a giant blowtorch, touching off the worst disaster in the history of offshore oil drilling Tuesday, leaving 20 men feared dead.

"There was fire everywhere," said L. C. Franks, one of the 25 survivors. "If hell is any worse, I don't want to go there."

The terrific pre-dawn explosion and fire collapsed the C. P. Baker, a \$6-million floating oil rig and sent it plunging 180 feet to the bottom of the Gulf of Mexico.

Two bodies were recovered. An intensive search found no trace of 18 men.

The 18 "are probably still aboard the Baker at the bottom," said Jack Bates of Reading and Bates Offshore Drilling Co., owner of the giant rig—actually two 360-foot hulls with

a derrick mounted between them.

The rig had moved to its new drilling spot 72 miles off the Louisiana coast southwest of this fishing town last Sunday.

Half of the 43 persons aboard were asleep when the drilling crew encountered a shallow pocket of gas under high pressure at 680 feet. Two others were in a service barge tied up alongside the rig.

The gas engulfed the giant apparatus and a stray spark touched off the explosion and fire.

The dead men were identified as Don Demars of Bayou Vista, La.; and Ernest J. Schadler of Lake Charles, La.

The missing men were from Louisiana and Mississippi and the survivors from Louisiana, Texas, Arkansas and Alabama.

Weather

By The Associated Press

Upper Peninsula — Partly cloudy with scattered thunder-showers this afternoon, tonight and Thursday. Cooler this afternoon. Low tonight 55 to 60. High Thursday 75 to 82.

Lower Michigan — Partly cloudy this afternoon with a chance of some isolated thunder-showers, especially south. Cooler north today. Partly cloudy with scattered thunder-showers likely tonight and Thursday. Low tonight 58 to 65 north and 65 to 70 south. High Thursday in the 80s north and 85 to 90 south.

Highest temperature Tuesday 95, lowest 74.

Highest temperature one year ago today 94, lowest 71.

Orders Continue For Century Book

The Escanaba Century Book "As Years Pass By," one of the featured projects of the Centennial, continues to be in demand from many sources including libraries and individuals, according to John J. Mitchell, Delta County Historical Society president.

The Escanaba Centennial Corp. has turned over remaining copies of "The Century Book" to the Historical Society. Proceeds from their sale goes to the Society's general fund.

Orders for the book have been received from public and school libraries ranging from Oak Park, Mich., to New York City. Its sale continues at the Photo Art Shop and Nelson's Cash Store, and at the Delta County Historical Museum in Escanaba.

Interest in The Century Book with its complete and authoritative history of the Chicago & North Western Railway Co. has been revived with planning for the Ore Centennial celebration to be held July 11. Mrs. John Thornberg of Campbell, Calif., writing to order a copy of The Century Book, noting the events planned for the celebration, said:

"There is no doubt it will be something to remember and talk about for a long time to come," she wrote. "Since we will not be able to attend, we thought it would be nice to have the story of Escanaba's first 100 years, so please send us a copy of The Century Book, 1863-1963."

The Century Book has 27 chapters and more than 50 photographs and other illustrations that tell the story of the community and the area from early Escanaba to the present day. The chapter on the C&NW Railway was written by Trainmaster O. W. Brookes of Escanaba.

Continuing interest in The Century Book is indicated by the decision of Michigan History Magazine to publish a review of the work in an early issue. The review will be done by Dr. Karl F. Zeisler, Ann Arbor. He is a member of the staff of the University of Michigan's College of Literature, Science and the Arts.

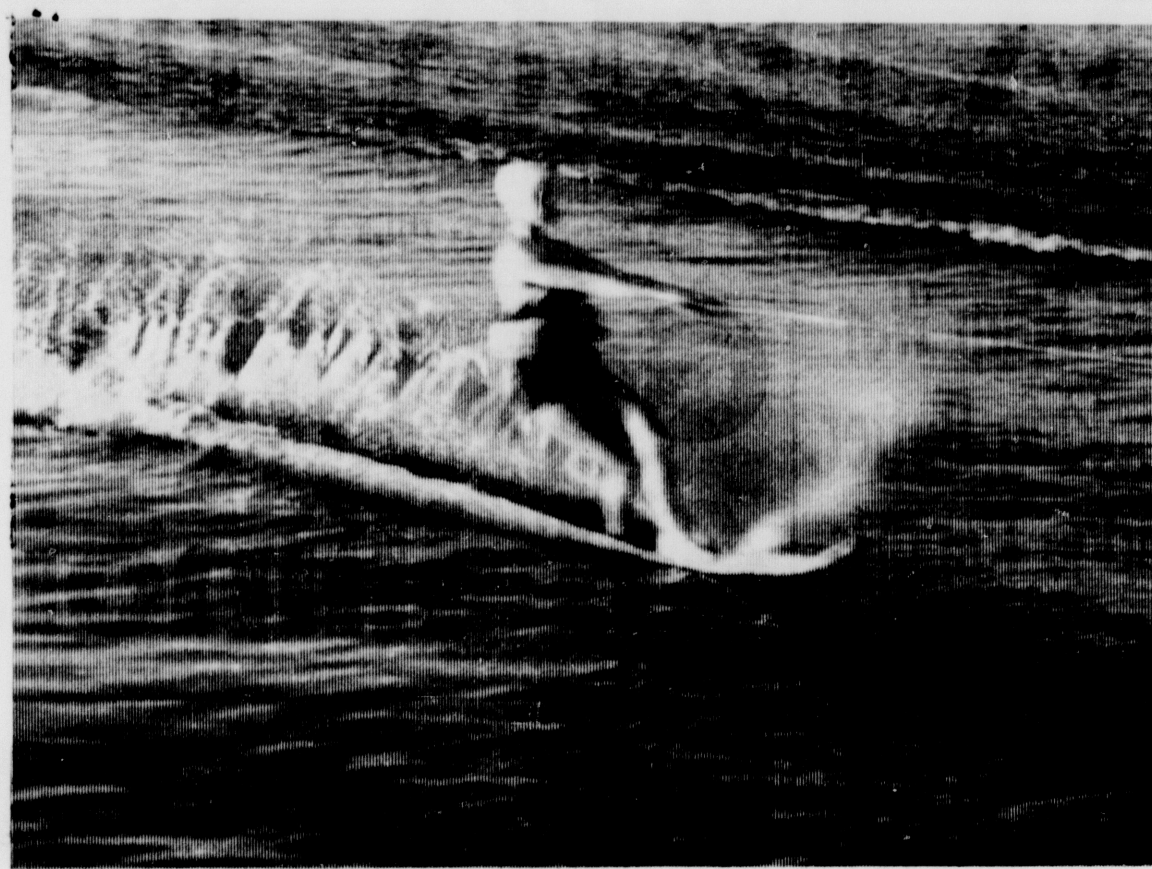

Obituary

Mrs. Frances Andezjewski
Funeral services for Mrs. Frances Andezjewski were held Tuesday at 10 a. m. at St. Michael's Catholic Church in Perreville. Burial was in St. Michael's Cemetery. Members of the Altar Society, of which Mrs. Andezjewski was a charter member, attended the services as an honorary escort. Active pallbearers were John Bartoszek, Bert Weich, Steven Loch, Steven Shiverski, Walter Welch and Clarence Bartosz.

Air Force Lists 17 As Dead In Plane Collision

WASHINGTON (AP)—The Air Force has declared dead the 17 officers and men who were aboard two planes that collided south of Bermuda Monday.

Only five bodies have been recovered, according to reports received in Washington. Seven men who dropped out of the planes as part of a paratroop training mission before the crash were rescued from the sea.

MRS. FRED LANCOUR, a member of the Escanaba Aqua-Nuts, demonstrates how to water ski with just one ski in a practice session of the Escanaba Aqua-Nuts Water Ski Club. The Aqua-Nuts will present the first performance of the season on Saturday, July 4, from 2 to 4:30 p.m. at the Escanaba Municipal Dock. Many new acts have been developed for the show, including the new para-sail, a parachute-like device strapped to the skier. (Daily Press Photo)

No Ore Plant Gas Order Yet

MINNEAPOLIS — Northern Natural Gas Co. today asked the Federal Power Commission to set an immediate hearing on the company's application to bring natural gas service to the Mesabi Iron Range of Minnesota.

Northern filed an application on April 28 to serve 17 communities in the Mesabi Range, seven in Northern Wisconsin and 10 in the Upper Peninsula of Michigan. In a supplement filed today Northern urged the Commission to move ahead rapidly on that portion of the application concerning the 17 Minnesota communities and three ore processing plants.

Northern Assistant Vice President H. M. Sampson said: "Despite the diligent efforts of all parties concerned there have been as yet no contracts consummated for the sale of natural gas to ore processing plants in the Upper Peninsula. We feel, therefore, the public interest would be best served by proceeding to hearing without delay on the Mesabi portion of this application."

Sampson said that a firm contract with Erie Mining Co. to serve its ore processing plant at Hoyt Lakes, Minn., assured the feasibility of the proposed pipeline to the Mesabi Range. "Our interest in obtaining approval to serve the communities in Wisconsin and the Upper Peninsula is in no way affected. In fact, we are in a position to proceed immediately to hearing on the Upper Peninsula portion when we obtain the necessary contracts," Sampson said. "It is still our hope, and we are very optimistic, that we can obtain the necessary contracts and obtain a favorable Commission decision in time to construct lines to these communities during 1965."

Northern estimates the cost of the project to serve the Mesabi area at about \$14 million, requiring over 150 miles of pipeline. Cost of the total project, including Wisconsin and the Upper Peninsula, had been estimated at \$50 million, requiring over 750 miles of pipeline.

In addition to the Erie plant, Northern proposes to serve the ore processing plant of Ford-Oglebay-Norton at Forbes and the proposed Hanna Mining Company plant at Cooley.

The Minnesota communities proposed for service are: Aurora, Biwabik, Bovey, Buhl, Calumet, Chisholm, Coleraine, Eveleth, Gilbert, Grand Rapids, Hibbing, Hoyt Lakes, Keewatin, Marble, Mountain Iron, Nashvauk and Virginia.

Liquor Charge Hearing July 9

Three State liquor licensees from the Delta County area are called up on charges of violating the state liquor control laws at a State Liquor Control Commission hearing Thursday, July 9 in the State Office Building, Escanaba. Other hearings will be held the same day in Iron Mountain, and on July 8 in Houghton and July 7 in Marquette.

Michael J. Strohl, Stephenson, tavern licensee and specially designated merchant, is charged with selling to a minor.

Grier Ivory, 910 Delta Ave., Gladstone, specially designated dealer and SDM, is charged with selling to a minor, Gullan Halvarson, 902 Delta Ave., Gladstone, "C" licensee and SDM, is charged with selling to minors, minor consuming and intoxicated person loitering.

The hearings will start at 1:30 p. m.

In other hearings the accused are: Peter Feira, Iron Mountain; Bernard and Ruth Ruelle, Houghton; Carl and Lou Tuovila, Hubbell; Mrs. Edna Ausloos, Allouez; Albert Therian, Calumet; Paul Nardi, Ishpeming; Carl and Marianna Lampela, Munising; Frank Valente, Negaunee.

Auditor Traces \$50,000 Pension Money To Hoffa

CHICAGO (AP) — A Federal Bureau of Investigation accountant Tuesday testified that he traced \$50,000 from a Teamsters pension fund loan allegedly diverted for James R. Hoffa's benefit to a lawyer who represented an associate of the Teamsters' union president.

John C. Connors said the \$50,000 went through several Florida banks to an Orlando, Fla., lawyer who represented Benjamin Dranow.

The government charges Hoffa devised a plan for diverting the money to himself to extricate himself from a failing land development near Orlando called Sun Valley, Inc., in which he was financially involved.

The \$50,000 came from the proceeds of two pension fund loans totaling \$1,275,000 made to Samuel Hyman, president of the Key West Foundation Co., Key West, Fla., Connors testified.

Traffic Deaths Still Going Up; May Total 3950

CHICAGO (AP)—The nation's traffic deaths in May continued an upward trend dating back 2½ years and hit record highs, the National Safety Council reported today.

The month's toll was 3,950. The total for the first five months of 1964 was 17,300. Both exceeded previous records set a year ago. May by 9 per cent, the five months by 13 per cent.

May was the 29th of the last 31 months to show an increase in traffic deaths.

Although the amount of travel rose 6 per cent to 334 billion miles, the death rate per 100 million also increased. The five-month death rate, 5.2, represented a 6 per cent increase over last year.

Scouts Train For Jamboree

Boy Scouts from Upper Peninsula and Northeastern Wisconsin attended a scout training program at K. I. Sawyer AFB over the weekend. The scouts were trained for the sixth national Jamboree to be held at Valley Forge, Pa., on July 17-23.

Escanaba area scouts attending the training session included: George Rusch, Ben Helmer and Charles Armstrong, troop 444 and Fred Gravelle, troop 404.

The scouts were issued new Jamboree equipment and were organized into patrols. A total of 80 boys were divided into two troops. Each troop also has a scoutmaster and two assistants as well as junior assistants in charge of various troop functions.

The highlight of the training came when the group assembled for a Jamboree style campfire. Stunts and songs were enjoyed by every scout and Ralph Smith, chief scout executive for the Hiawathaland Council, gave an inspiring address on the significance of the Jamboree.

Saturday was spent in training and Sunday the boys attended church at the base. Before leaving, the boys received final travel instructions for the trip to Valley Forge. The group will depart from Escanaba at 3 a. m. by bus on July 15. The group will return via Washington, D. C. The tour will include visits with state representatives.

Final Concert At Clear Lake Camp July 4th

Second of this year's Escanaba Junior High School band camps opened at Clear Lake Sunday with about 85 eighth graders attending from area schools. Seventh graders attended the camp last week.

Both camps are supported by school band concert receipts and proceeds from the band's annual candy sale.

Earl Pickett, nationally known clarinet and saxophone virtuoso, heads the music staff, assisted by band instructors from area schools. They are: Paul Cowen, Gladstone; James Kaeraned, Gwinn; John Chown, Escanaba Senior High, and David Laakso, Escanaba Junior High.

The final concert of the camp will be Saturday, July 4, at 2 p. m. There are excellent swimming and picnic facilities and the public is invited to attend.

Briefly Told

Arthur St. Cyr, Rte. 1 Escanaba, who was arrested by Delta County Sheriff's officers Sunday for being drunk in and about an automobile was arraigned Tuesday before associate Municipal Judge Robert Hansley and paid a fine of \$10 with \$5 court costs.

The July meeting of the Silver Spur Saddle Club will be held Thursday at 8 p. m. at the Matt Sharkey home in Perkins. Plans for the horse show at the Gladstone Yacht Harbor on July 5 will be discussed.

A teen - age tennis court dance will be held Thursday at Ludington Park from 8 to 10:30 p. m. This replaces the Friday night dances which have been discontinued due to lack of attendance.

In Pidgin English, one word does the task of many. Grass may mean grass, beard, hair, fur or feathers.

Robert D. Haack

Haack Succeeds Mosenfelder As Rotary President

Robert D. Haack of 730 Lake Shore Drive, superintendent of the Standard Oil Lake Terminal, became president of the Rotary Club of Escanaba today, succeeding Robert Mosenfelder, who has headed the service club for the past year.

Mosenfelder at the Tuesday noon meeting of the club in the House of Ludington reviewed his year as president, and turned the gavel over to Haack.

Programs and projects in club service, vocational service, community and international service were performed by the club through its several committees.

Haack has served on the Rotary Club board of directors and was vice president this past year.

Composing the Rotary Club board are the officers, President Haack, Vice President Ted Fordney, Secretary-Treasurer Arthur F. Westby, and Directors Mosenfelder, George Harvey, Ray Fish, Carl Wickman and Paul Snyder.

Rip Van Winkle couldn't sleep with nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast!—another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains, 2. by soothing effect on bladder irritation, 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size, Get Doan's Pills today!

We're For Scranton

A number of weeks ago this newspaper and its associated papers in Iron Mountain and Marquette pledged their support to Governor Rockefeller for the Presidential nomination.

Now that Governor Rockefeller has withdrawn from the race for the Republican nomination, we switch our support to Governor Scranton, who in our opinion, except for Governor Romney, is probably the best qualified man in the GOP to set forth the fundamental principles of the party and the issues that confront the nation today—a complex number of issues, including:

- The choice between war and peace with the Iron Curtain countries.
- The choice between racial equality or racial bigotry.
- The choice between labor dictatorship or sensible labor management relations and preservation of our free enterprise system.
- The choice between a form of government that will protect states rights or one that will promote an ever-encroaching power of the federal government.

The aforementioned issues are only a few of the many that must be threshed out between now and November. It is our hope that they will be clearly defined so that the voters of the nation can go to the polls with clear convictions.

It is our hope that the GOP will fulfill the hopes of those who believe in the party's philosophy and those who sincerely believe that a two-party system, well-balanced, is essential to our way of government, the national welfare and our effort to preserve peace in the world. Much is at stake.

Open Space Values

Areas like the Upper Peninsula which have seen so much population drain away to the big cities wonder when the tide is going to eb, bringing people back to the open spaces for values as compelling as those which have attracted persons to the metropolitan areas.

The Upper Midwest Economic Study at Minneapolis has done a peep job on this situation and come up with a report on "Urban Dispersal." It offers something better than a guess on what's happening in the big cities, as affects escapees who have had a bellyful of metropolitan living and are hitting out for the open spaces.

America grew great on the quest of the open spaces. It was the lure that won the west and settled the country to the Mississippi and then made another sweep that carried settlers to the Pacific Coast. The quest for open space has changed the character of American cities, ending their historic emulation of the cities of the Old World and surrounding them with great belts of suburbia. This movement has contributed to the decline of the central city and resulted in the big urban restoration projects which are now underway in Chicago, Minneapolis, Detroit and elsewhere.

It is important for local government to understand settlement trends so they can anticipate and prepare for them, encourage those which are healthful and control those which are harmful to the community.

The Upper Midwest study inspected the city influence on 599 once rural townships in Minnesota and Montana surrounding centers of employment. Escanaba, Menominee, Iron Mountain, Marquette and other U.P. cities are such centers of employment for the Peninsula and exert a similar though not so strong influence as some of the big city employment centers of the Upper Midwest.

Persons living in the townships about cities were asked why they lived there. Fifty to 75 per cent said the most important reason was open space. Other important reasons were: nearby employment or business opportunity; low cost of land, housing and taxes; long-time family ownership of property, desire to return to a home community.

The non-farm poulation of these areas was found to be a cross section of similar groups to be found in the city, but with a relatively high proportion of retired and laboring people and smaller proportion of professional, technical and managerial groups. Landholdings are small, owner occupancy is high, mobility relatively low.

The study found that urban dispersal, the tendency of the city to lose some of its people to the open spaces, is a natural phenomenon of the automobile era. It found open space physically and economically feasible and able to meet the demand for the joys of scenery which the older city cannot supply.

"Land for dispersed urban development—both seasonal and year-around—may be one of the major resources of the Upper Midwest," the study reported. In some of the areas the retirement colony was conspicuous.

Application of the findings to the Uper Peninsula suggests:

1. That the lack of more cities and especially larger cities in the Uper Peninsula is retarding the settlement of open spaces by the means effective in more populous areas.
 2. That "urban dispersal" has been at work in the U.P., too, and causes the small growth of U.P. cities compared with the growth in their surrounding rural areas.
 3. That a truly new format of settlement is evolving, giving the city and its rural surroudings a new relationship. Ease of transportation and the increasing number of retirees and others who need not be at work daily in the city open new possibilities of rural settlement.
 4. The factor of economy in rural living is one of its appeals, but where economies result because of rural free loading on city services paid for by city taxpayers there must be some arrangement for friendly participation or there will be the inevitable city taxes on jobholders and fee usage of parks, libraries and other facilities that we now see downstate and in other populous areas.
 5. Cities in areas like the Upper Peninsula where population centers are small and the open spaces are relatively unsettled, offer special values in living in an era of population explosion which is increasing the problems of big city living.
- All planning for area development should recognize this new tendency of the cities to create suburban as well as urban settlement by their job-making abilities.

Washington Comment

By RAY CROMLEY
WASHINGTON — (NEA) — It hasn't been publicly announced, but Air Force aerospace scientists have discovered that by means of electrodes placed on the skull it is possible to control switches by thought processes.

National Aeronautics and Space Administration scientists are now planning for the day when an astronaut in a space vehicle will maneuver his ship without using his hands or feet.

As one scientist puts it: "The pilot will observe his target and his eye movements will be translated into guidance signals."

It is only one step further to conceive of an airplane pilot or an automobile driver steering his vehicle by eye movements or by "thoughts."

The advantages would be great. If a man could control his space ship, his airplane or his automobile by eye control, for example, he could react four times as fast as he can when using his arms or legs for steering or braking.

Suppose it now takes a pilot or driver two-tenths of a second to react manually and put on his brakes. By eye control he'd be able to brake in five-hundredths of a second.

It will be a long time, of course, before such thought or eye control is practical. But already there is concrete evidence that it will be feasible.

Medical scientists have constructed an artificial arm which ties into the nerves of the upper arm. "From these neural signals," says a NASA scientist, "the wearer can 'will' the mechanical arm, powered by small motors, to move—just as he does when he 'wills' his own arm to move."

Reportedly, the Russians have been able to make the same sort of a "mind-controlled" arm. Khrushchev now is spending large sums in this field of man's ability to control machines.

This eye and thought control opens great possibilities in the operation of complicated new machines. A successful system would make airplanes and automobiles far more maneuverable than they are today. It should be possible to type at fantastic speeds.

Aerospace scientists have been forced into this field. Actions while in space frequently must be so precise and so quick that manual controls won't do. Space ships and space suits require more buttons than a man could handle.

As one research man puts it: "A hard-shell space suit built for locomotion and work on a planetary surface (say the moon) would present a ridiculous array of levers and buttons were it controlled by conventional methods."

By using the thought-action method, however, "such a complex space suit could be worn and operated as though it were an extension of the wearer's own body. The suit's powered appendages would move as his own arms move. His locomotion would be accomplished in similar fashion, enabling movement without strain or fatigue regardless of gravity, suit weight or terrain."

For the first time on record in these parts, girls are now employed on construction projects. Pictured in today's Daily Press is Betty Van Effen, who recently graduated from Escanaba High School, performing her stint as flagman. Also employed in the same capacity is Miss Rita Pepin who has been attending the normal college at Ypsilanti.

Sam Coplin, 52, widely known cattle buyer in this area died today following a heart attack. He had bought and sold cattle in the Escanaba area for more than 30 years.

The Francis Engineering firm is sending a specialist to Manistique to make a survey for post war improvements to the city's sewer and street paving.

Eugene H. Noblet was elected commander of the August Mattson post of the American Legion at the annual election held last evening. He succeeds A. D. Aigue.

Mrs. Rose Carroll, 85, of Newberry died yesterday shortly after receiving word that her daughter, Mrs. John Nizer of Dollar Bay, had been seriously injured in a motor mishap a few hours before.

Dr. Donald Boyce, who recently received his M. D. degree, is in Escanaba at present visiting his mother, Mrs. William B. Boyce. He will shortly return to Chicago to continue his education as a nose, ear, eye and throat specialist.

Donald Paterick, son of Mr. and Mrs. Joseph Paterick, 913 S. 7th St., graduated with honors from William Mitchell College of Law in St. Paul this month and is spending the summer in Escanaba with his parents.

Paterick graduated from St. Joseph High School in 1953 and also took preparatory courses at St. Thomas College and the University of Minnesota.

Paterick was employed for the past four years by the Insurance and Gift Tax Department of the state of Minnesota and also served in the U. S. Army Reserves at Fort Leonard Wood, Mo., and Fort Lewis, Washington. Paterick says his plans for the future at this time are indefinite.

Escanaba Area Has Ten Fires

Thirteen forest fires burned 13.8 acres in the Upper Peninsula in the week ending June 27. Ten fires were reported burning 13.3 acres in the Escanaba Field Office area which comprises Delta and Marquette counties and the west half of Alger counties. To date it has had 68 fires burning 162.9 acres. A total of 269 fires have burned 1,010 acres in the Upper Peninsula to date. Last year at this time, there had been 264 fires reported burning 1,277 acres.

Harden Honored

MARQUETTE—Dr. Edgar L. Harden, president of Northern Michigan University, has been elected to serve as a member at large of the National Council of the Boy Scouts of America, announces Joseph A. Brunton, Jr., Chief Scout Executive. The election was made at the 54th annual National Council meeting in Cleveland.

Elsie Ridiculed About Shyness

Dear Ann Landers: The high school annuals just came out. I'm sure you remember from your own high school days the excitement that filled the corridors when these prized volumes at long last were handed to the students.

Our daughter Elsie finished in the upper 5 per cent of her class. Elsie is not pretty and has had very few dates. She is painfully shy and in an effort to cover up her shyness she made a point of "preferring" to be alone.

The year book committee prints a little saying under the name of each student. Under Elsie's picture there appeared a cruel and insulting line ridiculing her shyness. The poor girl, sobbing through her tears, said, "I always looked forward to keeping my high school annual as a souvenir to show my children. How could I show this to anybody?"

I hope you will publish my letter, Ann. It's too late to help Elsie, but perhaps some boy or girl who reads this may be on a year book committee in future years. They may think twice before they break someone's heart.—NO NAME PLEASE

Dear No Name: This happens repeatedly and it is sickening. How unfair that a handful of kids have the power to cause so much unhappiness. Where are the faculty advisors?

I'd like to hear what you high school students think about this.

Dear Ann Landers: My husband is employed in the office of a government agency. For the past several months he has been bringing home ball point pens, pencils, erasers, stapling machines, paper clips, and postage stamps. Last night when he brought home a typewriter "just to use for awhile," he said, "I lit into him."

He claims that since he is a taxpayer he is entitled to these things because after all, "we pay for them in the long run." In the meantime everything he brings home is clearly labeled, "Property of the United States Government."

We have young children Ann, and I don't want them to learn any bad habits. Will you please give me your views on this.—LONE VOICE

Dear Voice: Taxpayers also pay for the statues in the park. I assume your husband wouldn't think of taking them home.

Ask him if he removes these little items in the presence of his boss, or if he waits until he is alone to carry them off. This should settle the question in his own mind—if he has one.

Your husband is setting a terrible example for his children. Don't let up until he takes everything back and stops lugging home stolen objects or the kids may be visiting him in Leavenworth.

Dear Ann Landers: A few months ago a friend was stricken with an illness that was

Delta Plots Test Barley

Delta County, which used to grow barley for making beer and buckwheat pancakes, and which grew the grain for a time as a dairy ration, has quit its production, but may be turning to it again as a cash crop.

Current prospects of income from barley — especially malting barley for beer making — are being assayed in some trial plots of the grain on the farm of Hilding Olson at Bark River, says Joseph L. Heirman, director of Michigan State University Extension services in Delta County.

Dr. A. J. Lejeune, director of the Malt Barley Improvement Association was here last week inspecting the plots. They are being grown to determine the potential of the Delta Area for growing barley for beer making.

At present most of the malting barley used by the Wisconsin breweries — there is only one brewery left in the Upper Peninsula; that of the Bosch Brewing Co. of Houghton — is produced in the Dakotas.

Heirman said that the barley grown at Bark River would be harvested and sent to the Barley Improvement Association laboratory for the making of experimental beer.

Two varieties of malting barley are being grown in the test plots, and they are being subjected to many variants in fertilization and cultural practices.

The barley acreage in the Upper Peninsula at the present time is very small, said Heirman, and is found largely in Menominee and Delta Counties. Most of the acreage once devoted to barley in the U. P. has been diverted to the production of oats as a dairy herd feed, especially since the development of Bonham variety and its family of crosses, which produce almost as heavily as barley.

If the tests are successful the possibility of using the best of the barley produced for malting and the rest for dairy rations would be considered.

Mrs. Saykly's Sister Dies In Des Moines, Iowa

Mrs. N. M. (Linda) Salem, 49, of Des Moines, Iowa, only sister of Mrs. Fred Saykly, of 2435 Lake Shore Drive, died Tuesday of last week at her home. Mrs. Salem was taken ill five weeks ago and apparently was making excellent progress toward recovery when she suffered a stroke.

The Saykly family was vacationing at Hampton Beach, N. H., when they received word of her death and went directly to Des Moines to attend the funeral services, held last Friday. They returned to Escanaba yesterday.

Mrs. Salem is survived by her husband, three sons and one daughter, her mother, two brothers, and the one sister.

Youth Held In NMU Fire

A sixteen-year-old youth has been apprehended in connection with the burning of a Northern Michigan University barn June 21.

The youth was apprehended following an investigation conducted by the Marquette Police Department and NMC security police.

The old barn, located on the south side of Wright St., east of the National Guard Armory, was leveled by flames which had already encompassed the 80 by 40 foot structure when firemen arrived.

THE RETAIL DIVISION of the Escanaba Chamber of Commerce sponsored a drawing for a Showcase of Gifts for its Escanaba Days sale of June 25-27 and here are the lucky winners and their showcase gifts. From left: Mrs. Dale Jensen, Bay View, first winner with gifts valued at \$165; John Lasnoski, chairman of the Retail Division; James LeGault and Dean Abbott of the Chamber Promotion Committee; and Mrs. Louise Devine, 331 S. 11th St., winner of the second prize, which was gifts with a total value of \$85. Celebration Planned At Powers-Spalding

POWERS-SPALDING—A big celebration for Powers-Spalding community will be held at Veterans' Memorial Park July 4.

The parade will assemble in Spalding in front of the Potter Lumber Co. at 10 a. m. and will move west on Highway US-2-41 to Powers. From there it will go to Pinecrest Medical Facility and then to the park for judging. The Lions are providing three cash prizes for the best floats and small cash prizes for the best decorated bicycles.

All types of booths and games will be set up at the park, and a southern fried chicken dinner will be served by the Holy Name Society and St. Ann's Society of St. Francis Xavier Church until 3 p. m. In case of bad weather the dinner will be served in the church hall.

The evening fireworks display will be at the ball diamond in Powers and will be followed by a dance at the Legion Hall, sponsored by the Legion Post. The Wells family will furnish the music.

Karen Veraghen and Rosalie Draze left Sunday for Camp Plagens at Watersmeet. They will vacation there ten days and will return home July 8.

Bridge Fails At Gwinn

No truck traffic is being allowed over the bridge on M-35, located one mile northwest of Gwinn, announces R. F. Rozatti, district manager of the State Highway Department. The bridge failure was noticed sometime late yesterday.

Lee Austin of Lansing, highway bridge engineer, is at the scene with a crew, to determine the exact extent of failure. The bridge is of all steel construction but very old said Roger Murray of the local highway office. "Passenger vehicles are being allowed to cross at the present time, but trucks are not."

Bridge failure signs are up at Negaunee and on county road 553 from K. I. Sawyer AFB, warning motorists, who are asked to detour around the bridge when possible, until it is determined safe.

More people get more news from newspapers than from all other sources combined.

Drivers who zoom through puddles near curbs rarely make a friendly splash.

Ore Dinner To Give Samples Of Furnace Feeds

Samples of crude ore and ore pellets were assembled in plastic bags as souvenirs for the Ore Centennial banquet honoring the Chicago & North Western Railway to be held at the Escanaba Area High School on Saturday, July 11, by members of the Escanaba Business and Professional Women's Club at the Chamber building Tuesday evening. Tickets for the banquet are now on sale.

Working on the project were Club President Mrs. Jean Kasun, Mrs. Florence Dufresne, Nancy Pearson, Marian Oliver and Mrs. Caroline Nystrom. The ore samples were furnished by the Cleveland-Cliffs Iron Co. of Ishpeming from its Republic Mine. Attached to each assembled packet is a legend which describes the process from crude ore to pellets. This ore is called "micaceous specular hematite," and contains 40% iron.

The process of rolling the concentrates into balls by heating, is known as pelletizing.

The plastic bag contains the ore and the pellet product which is shipped to the steel mills.

Briefly Told

Escanaba police have issued traffic court summons to Roy G. Olson, 1115 Lake Shore Drive, disobeying a stop sign.

Escanaba firemen were called to the Harnischfeger Corp. welder plant on Stephenson Ave. at 4:25 p. m. Tuesday when an electric motor overheated. There was no fire damage.

Cecil Collins, director of the Escanaba City Band, will direct the band in a free concert at the Delta Nursing Home at 7 p. m. Thursday. The concert will be presented on the grounds and is sponsored by the Musicians Trust Fund.

Wallace Bruce Paine-Webber Manager In U. P.

L. Wallace Bruce has been appointed resident manager of the Marquette office of Paine, Webber, Jackson & Curtis, according to John W. Corrington, manager partner of the investment firm's Chicago office.

Paine, Webber, a member of the New York Stock Exchange has had offices in the Upper Peninsula for over 70 years.

Leo W. Bruce, who has been manager for the past 26 years, will continue in the brokerage profession in a semi-active capacity.

Wallace Bruce has been with Paine, Webber since May 1958. Previously he spent three years with the Detroit Bank & Trust Co. as a credit analyst. He is married to the former Barbara N. Furlong of Newberry and they have four children.

Old Meadows Hay Crop Cut

Tuesday's more than an inch of rain — the first in weeks — was a boon to Delta County area crops, says Joseph L. Heirman, Delta County Extension director for Michigan State University.

The drought has been most harmful, said Heirman, in its reduction of the hay crop on the older meadows, those several years old.

"It's not too serious," said Heirman (any alarm brings the Federal Government running with aid that can knock out normal commercial dealing in hay) "but we are not going to have the hay crop that we anticipated a month ago."

"I hope that the rain was general as grains are at a critical point, some headed out and some not."

Oats for a dairy ration which gets much of its roughage from hay is the chief grain grown in the Upper Peninsula and Heirman thought that the oat crop hadn't been hurt yet, and would be much benefitted by Tuesday's heavy rainfall.

Delta potato fields, he said, have not suffered from the dry period. Fall harvest plants are 8 to 10 inches tall and several weeks from the blossom stage, but fields of early potatoes are only about 3 weeks from the first marketing.

The strawberry harvest is underway and the rain helped the berry crop, said Heirman.

The U. S. dollar is worth about \$1.07 in Canada.

Storm Delays Mercy Flight For Finlan Boy

A mercy flight, carrying one-year-old James Finlan to Green Bay for brain surgery was interrupted last night by the heavy storm that hit Escanaba earlier in the day and had moved south into Wisconsin.

Vern Liddle, pilot for Jon Thorin Aviation in Escanaba, reports that as the plane came within three miles of Green Bay, heavy rain threatened their flight so it was necessary to turn back. The plane landed in Oconto, Wis., about 20 miles north of Green Bay. A Green Bay ambulance carried the child to St. Vincent's Hospital where he underwent brain surgery this morning.

Liddle says the youngster seemed to take the trip well and rested quietly in the plane. James suffered a skull fracture in an automobile accident that took the life of his mother, Donna Finlan, 27, on Monday evening. Mrs. Finlan, her four children and her sister-in-law, Carol Finlan, 13, were returning from Alma, Wis. and a visit with Mrs. Finlan's parents, Mr. and Mrs. Earl Timm when the accident occurred.

Mrs. Finlan was driving a light station wagon bus and went into the ditch and returned to the shoulder of the road. She maneuvered the bus

back on the pavement and the wheel struck the lip of the pavement and rolled over 100 feet before coming to rest on its wheels on the highway. All the occupants were thrown from the car.

Carol Finlan, William Jr., five, Nancy, three and Colleen, four are reported in good condition in St. Francis Hospital today.

Personals

Thomas Vermullen of Duluth is visiting at the home of his parents, Mr. and Mrs. Charles Vermullen, 525 S. 12th St. Mr. Vermullen recently was promoted to assistant manager of the Duluth Woolworth Co. Store.

Miss Mary Marenger returned by airliner to Tacoma, Wash., after a three week visit with her parents, Mr. and Mrs. Ed Marenger, Cornell. Miss Marenger is a social worker for Catholic Children's Services in Tacoma.

Mr. and Mrs. Harlan Pepin and two sons of Detroit are visiting with his mother, Mrs. Betty Pepin, 217 N. 19th St. They will be here until after the holidays.

New Buildings Get OK At NMU

Northern Michigan University's board of control has approved a loan agreement between the university and the Federal Housing and Home Finance Agency to finance construction of the new residence halls and food service complex under construction near Lincoln Ave.

The \$2,700,000 facility, scheduled for completion this fall, is a self-liquidating project. Earnings of the building will be used to retire the bonded indebtedness.

The structure is the 26th building project at Northern since 1956.

Hospital

Robert S. Erickson of 1228 Sheridan Road, is still a patient at St. Vincent's Hospital in Green Bay and his room is 825. Mr. Erickson entered the hospital May 13 for surgery.

Home Extension Council Names Officers For Year

BARK RIVER—The Menominee County Home Extension Council held its June meeting Wednesday at the Soil Conservation office in Stephenson and re-elected Mrs. Edward Beauchamp of Wilson as chairman. Other officers are vice-chairman, Mrs. Wayne Hooker, Wilson; secretary, Mrs. Victor Gerue, Ingalls; treasurer, Mrs. LeRoy Olson, Evergreen group, Menominee. Chairmen of the various committees will be appointed at a later meeting.

One member of each of the sixteen groups in the county has been named to the council membership. They are: Mrs. Albin Schumacher, St. John's; Mrs. Arthur Wauters, Washington; Mrs. LeRoy Olson, Evergreen; Mrs. Arthur Theuerkauf, Spangle, Rte. 1; Mrs. Harry Johnson, Bay Shore, all from the Menominee area; Mrs. Dale Matthews, Cloverleaf; Mrs. Frank Grinsteiner, East Stephenson; Mrs. Edmund Sager, Longrie; Mrs. Francis Reitmeyer, Stephenson Club; Mrs. Frank Horvath, Stephenson Nite Club, all from the Stephenson area; Mrs. Ralph Runge, West Bagley; Mrs. Edward Beauchamp, Wilson; Mrs. Wayne Hooker, Wilson 47; Mrs. Victor Gerue, Ingalls; Mrs. Lee Zimmerman, Carney and Mrs. Earl DuBois of Powers-Spalding.

Plans were made for the Christmas Workshop which will be held in October, the date to be announced later. Reporters appointed were Mrs. Wayne Hooker for the north end of the county, Mrs. Edmund Sager to report to the Menominee County Journal and Mrs. Arthur Theuerkauf to the Menominee Herald Leader.

State Briefs

DETROIT (AP)—The common Council Tuesday approved transfer of the Cobo Hall catering contract from Al Green to George T. Rounell. Green had agreed to give up the \$1.5 million yearly deal after city auditors reported a \$68,000 shortage in his accounts. Green repaid the city its share of the loss.

Isabella

William and Ikie Bonifas of Colorado Springs spent the weekend visiting at the home of their aunt, Mrs. Esther Bonifas.

John Nedeau is a patient at the Veterans Administration Center Hospital at Wood, Wis. His room is Ward 10-5. Mesdames Arvid Sundin, Gust Soderberg, Esther Bonifas and Stella Surgrau attended the Mid-Summer Festival at Cunaard Methodist Church Sunday. They were guests of Mrs. Al Asplund.

Mr. and Mrs. Helmer Nelson, Mrs. Emily Larson and Mrs. Elmer Lake attended the Church School meeting held at Bethany Lutheran Church Sunday evening for Upper Peninsula teachers.

Mr. and Mrs. Carl Sundin of Chicago will spend the Fourth of July weekend with relatives here.

Mrs. John Gouin and Ricky and Kathy of Kalamazoo attended the Nedeau-Clausen wedding.

Mrs. Leo Nedeau and Joan and Ivan have returned home after a two month stay in Kalamazoo. Mr. Nedeau will return in two weeks.

Schaffer

Attend Rites

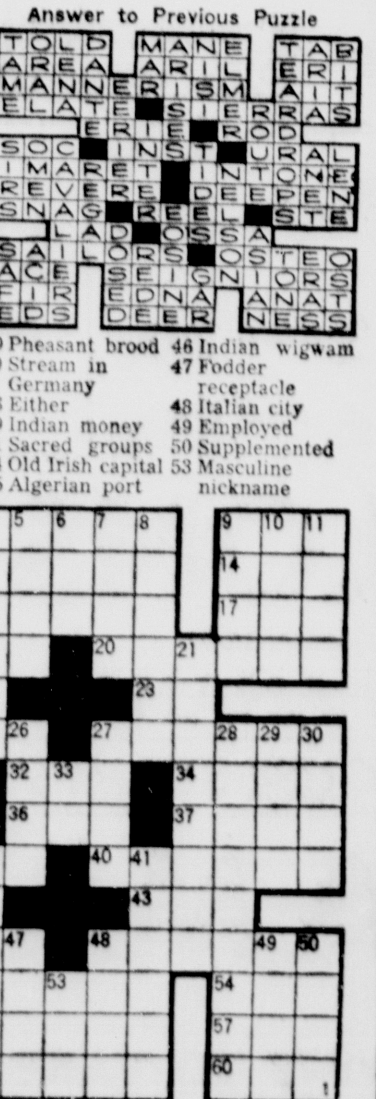

Attending the funeral services for Mrs. Mary Michel were Mr. and Mrs. Ed Skowlund and Judy and Tommy, Mr. and Mrs. Llewellyn Michel and Gregory, Marinette, James Michel of Milwaukee, Mr. and Mrs. Rudy Turk, Iron Mountain, Mr. and Mrs. Charles LaCasse and Ronald, Soo Hill, Mr. and Mrs. Harold Villeneuve and family, Escanaba, Mrs. Bert Vest and Mr. and Mrs. Eddie Charbonneau, Chicago, Mr. and Mrs. George Grusynski, Denmark, Wis., Mr. and Mrs. Rayne Charbonneau Jr. JoAnn and Ethel Charbonneau, Milwaukee.

Jimmy Bisson of Norwalk, Calif., is spending the summer months with his grandparents, the Ed Taylors, and uncle and aunt, Mr. and Mrs. Melvin Taylor.

The National Park Service has camping facilities in 76 parks.

Mount Clemens Publisher Dies

MOUNT CLEMENS (AP) — Publisher Paul White McKee of the Daily Monitor-Leader and five Macomb County weekly newspapers died Tuesday at a Detroit hospital. He was 71.

McKee entered Grace Hospital May 26 and underwent a cancer operation there June 11. He had undergone several other periods of hospitalization in recent years.

As a publisher, McKee constantly hammered at department heads: "People are more important than things."

A highlight in the life of this native son of Tipton, Iowa, came on April 21, 1961, when more than 500 individuals from all walks of life came here to pay their respects on "Paul McKee Day."

Gov. John B. Swainson served as chairman of the event and the late President John F. Kennedy extended congratulations for "38 years as a distinguished publisher and shaper of public opinion." The Michigan House and Senate paid tribute through a joint resolution.

Chairmen of the state central committees of both the Democratic and Republican parties were included on the arrangements committee. So were congressmen, bankers and wire service executives.

McKee took over the Nellis newspaper group of five weeklies in 1923 and converted the Monitor into a daily on Aug. 26, 1940. Acquiring the Daily Leader in 1943, he merged it with his other daily into the Monitor-Leader.

Besides Macomb County's only daily, McKee also was publisher of the South Macomb News, Tri-City Progress, Harper Woods Herald, Macomb County Legal News and Self-Ridge Flyer.

Survivors include his widow, the former Lucile DeYoung; a daughter, Mrs. Ardath McKee Clark, St. Clair Shores; a son, Paul W. Jr., Washington, D. C.; two brothers, Marl T., Derby, Conn., and Max B., Grosse Pointe.

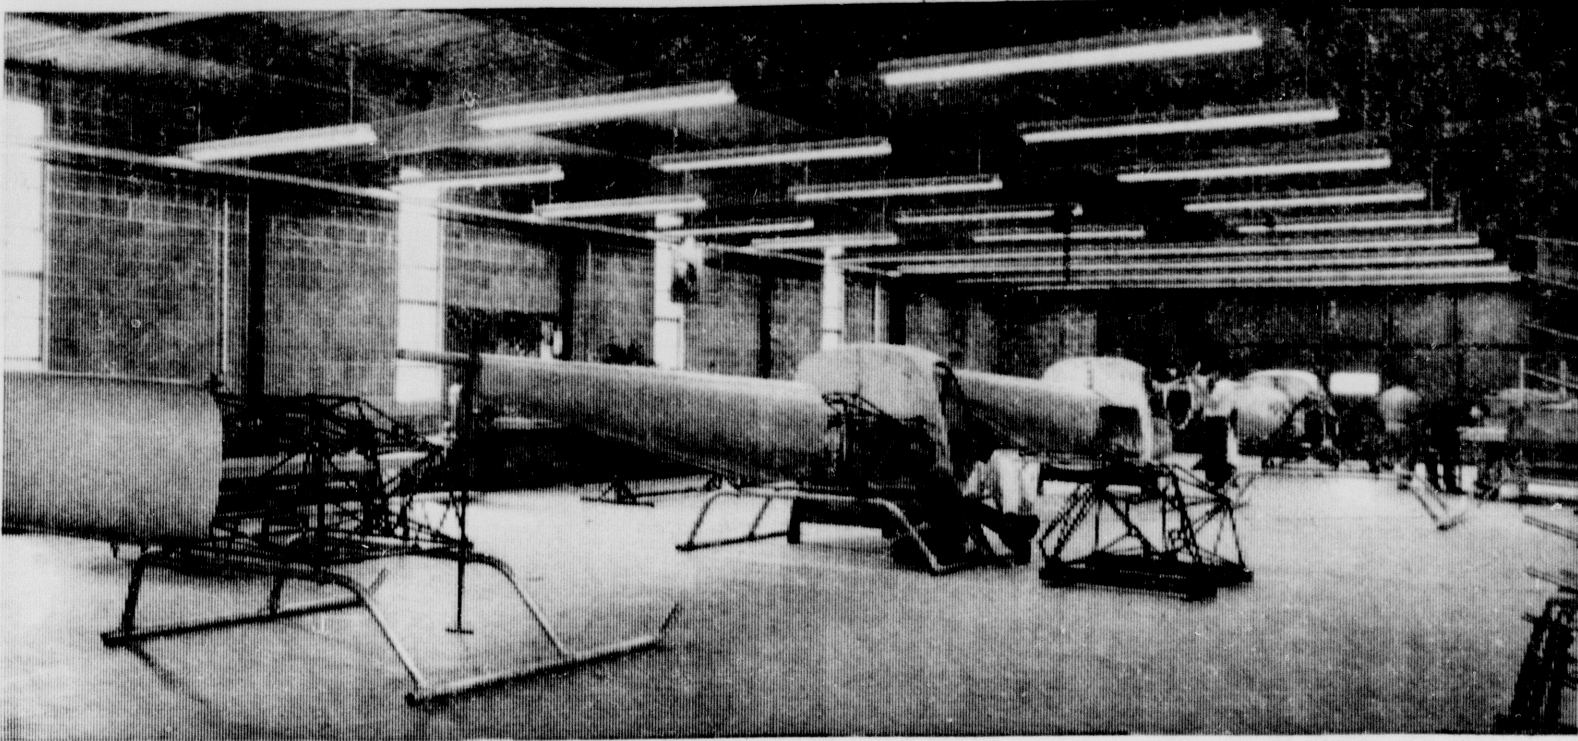

A nephew, Mark T. McKee Jr., is assistant publisher of the Daily Monitor-Leader and the Macomb County Newspaper Group.

Pingel Is Named Head Of Agency

DETROIT (AP) — Ross Roy Inc., Detroit-based advertising agency, has named John S. Pingel of Grosse Pointe Woods president.

Pingel, 48, a former All-America football star at the University of Michigan, succeeds Walter C. Ayers, Ayers, 65, retired today as president and board member, said board chairman and chief executive officer Ross Roy. Ayers continues with the firm as senior consultant in New York.

Pingel, born in Mount Clemens, has been executive vice president and a board member since 1960.

PRODUCTION of the Enstrom F-28 3-place helicopter is progressing in the company's new plant at the Menominee County Airport, Menominee. The helicopters shown above

are sold to customers in Illinois, Oregon, California and Canada. Over 50 helicopters are scheduled to be delivered by the end of next year.

Adrian Daily Telegram Sold

ADRIAN (AP) — The sale of Thomson Newspapers, Inc., of Toronto, was announced Tuesday by Telegram publisher C. Kenneth Wesley.

Wesley said Thomson Newspapers will take over publication of the Telegram effective July 3.

St. Clair McCabe, executive vice president and general manager of Thomson, said there will be no personnel changes or policy changes under the new ownership.

Charles S. Wesley, assistant publisher of the Telegram and general manager of the paper since the death of Stuart H. Perry in 1957, will continue to direct the Telegram until July 3. Wesley is planning to move to California next month.

Thomson said Earl K. Nelson of Fairmont, Minn., will assume duties as general manager replacing Wesley Aug. 1.

K. R. Thomson, president of Thomson Newspapers, said "The purchase of the Telegram is evidence of our confidence in the expanding prosperity of Adrian and Lenawee County which holds a bright future in economic and social development."

Thomson said his newspaper organization makes "a point of not interfering with local editorial policies. We insist that our newspapers represent the best interests of the communities in which they are published. This is only self-interest, because our investment may only prosper as the community prospers."

Thomson Newspapers also announced plans to move the Telegram into new quarters as soon as practical.

Thomson Newspapers published newspapers in Laurel, Miss.; Dalton, Ga.; Lafayette, La.; Fairmont, W. Va.; Petersburg, Va.; Albert Lea, Minn.; Austin, Minn.; New Albany, Ind.; Punta Gorda, Fla.; Clewiston, Fla.; and 27 newspapers in Canada.

Tot On Icebox; Two Daughters Inside Rescued

PLATTSBURGH, N.Y. (AP) — Thomas Miller, a city employee, was enjoying a day off at home when a woman knocked on his front door.

"Your little girl is standing up on that old refrigerator by your garage," the stranger told him. "That could be very dangerous, you know."

Miller thanked her and ran to the garage.

He found his 2-year-old daughter, Kelly, playing on top of the airtight, wooden ice box. As he lifted the child to the ground, he heard a muffled cry from inside the refrigerator.

Miller yanked the lid and found his two other daughters, Karen, 5, and Kim, 7, huddled together, their faces contorted, gasping for breath.

The girls recovered their breath and were pronounced in good condition later by the family physician.

Tavern Operator Sent To Prison For Tax Evasion

KALAMAZOO (AP) — Robert L. Russell, Benton Harbor tavern operator, was sentenced by U. S. District Judge W. Wallace Kent to two years in prison for income tax evasion.

Russell, 46, had pleaded guilty earlier this month to one count of a federal grand jury indictment charging he filed false income tax returns for the years 1958 through 1960 and was in arrears a total of approximately \$11,972.

The government claimed he stated his 1960 income was \$6,475 with \$1,560 tax due while his actual income was \$21,390 with \$6,024 tax due. Russell told the court part of his 1960 income was from horse race betting and playing cards.

About three-fourths of the silver mined in the world is used for money.

Business Good For Furniture

GRAND RAPIDS (AP) — The nation's furniture industry last month had gains in her orders written, employee numbers and payrolls over statistics reported in May 1963.

A regular monthly report by Seidman & Seidman placed the increases at 9 per cent in new orders written, 12 per cent in payrolls and 9 per cent in employee numbers.

It also showed a 5 per cent increase in new business last month over April, placing the dollar volume this year at 14

per cent ahead of the January-through-May period of 1963.

Statistics for last month also showed a 43 per cent hike in order backlogs, shipments up by 12 per cent, accounts receivable up by 16 per cent and the work week increased by 3 hours—all compared with May 1963.

Figures for last month, compared with those of last April, showed payrolls off 5 per cent because of the Memorial Day holiday, order backlog off 1 per cent and shipments down 5 per cent.

Peninsula Potpourri

Arnold J. Korpi, a graduate of Northern Michigan University and a teacher at Wakefield High School since 1948 has been appointed to the field service staff of the Michigan Education Association.

As field representative to the entire Upper Peninsula, Korpi will act as liaison between state and local units of the MEA. His main duties will be to extend the services and programs of the MEA to its members and to improve the status of the teaching profession.

Holder of a Master's degree from the University of Wisconsin, Korpi began his teaching career in 1946.

Garden Peninsula Fellowship

The Women's Fellowship of the Payette Congregational church met Thursday night at the parish hall. Tentative plans for the annual church picnic were made. Mrs. Orville Farley was appointed chairman and Mrs. Harold Stern, assistant chairman of the event. July 19 is the date chosen for the picnic which will be held at Sac Bay. Final details will be worked out at a meeting in the near future. A social hour followed the business meeting.

Mr. and Mrs. Gordon Swaer, daughter Diane, and Mary Kay Sulk of Green Bay were weekend visitors at the William Swaer cabin.

Mr. and Mrs. Paul Gauthier left Sunday for their home in Dearborn. They returned Friday from a trip through Canada to St. Anne de Beaupre on which they were accompanied by his parents Mr. and Mrs. Charles Gauthier.

Ivan Londo and two little daughters of Milwaukee are camping at Fayette State Park and visiting with his sister, Mrs. Roy Farley, and family.

Mr. and Mrs. Robert Boudreau and three children left for Milwaukee Monday after spending the weekend at the home of Mr. and Mrs. Roland Boudreau. Mary Ann Deloria, who was also a weekend guest of the Boudreaus, accompanied the mother home in Escanaba.

Visitors at the home of Mr. and Mrs. William Swaer were Mr. and Mrs. Wilbur McGraw and daughters Lornell and Darlene of Big Suamico, Wis. Mrs. Diane Deaton and LeRoy Olson of Green Bay, William McGrath of Seattle, and Mrs. Henry Roes, Gladstone. Sunday they were visited by Mr. and Mrs. Richard West and family of Appleton who camped overnight at Fayette State Park.

Roy Sundquist Granted Degree

Roy C. Sundquist, son of Mr. and Mrs. Clarence Sundquist, Rural Escanaba, was recently graduated from North Park College, Chicago with a Bachelor of Arts degree.

North Park College and Theological Seminary, sponsored by the 531 churches of the Evangelical Covenant Church of America, was founded 73 years ago.

Germfask

Vicki Lustila, Shirley Johnson, Mary Lou Sellings and Marsha Pappas of Manistique were taken by Mr. and Mrs. Clarence Johnson of Manistique to the meeting of the Grand Bethel of International Order of Job's Daughters.

Mr. and Mrs. Earl Smith and Mr. and Mrs. Harry Hickey of Lapeer spent a few days at Mr. and Mrs. Smith's home here.

Mrs. LeRoy Smith and daughter, Mrs. Noreen Hixson, held a bridal shower in honor of Miss Pauline Zellar.

Mrs. Frances Johnson and girls of Vulcan visited relatives here for a few days.

SN Wayne McGaghan, Ocean Beach, Va., arrived to spend a furlough at the home of his parents, Mr. and Mrs. Lester Ackley, Sr.

Mrs. K a y Peterson and daughter, who have spent several weeks here visiting her parents, Mr. and Mrs. Anthony Zawada, left Saturday for their home at Phoenix, Ariz. They were accompanied by Mrs. Peterson's sister, Tony Dianne, Mr. and Mrs. Michael Collins returned from a trip to Lower Peninsula.

Mr. and Mrs. James Johnson who have been visiting with their aunt and uncle, Mr. and Mrs. Clifford Van Schouck, returned to their home at Vulcan.

Mr. and Mrs. Henry Smith and Mr. and Mrs. Clare Steele and family of Thompson returned from a two weeks trip through the western states.

Sammy Burns is attending Youth Camp of Reorganized Church of Jesus Christ of Latter Day Saints at Park of Pines near Charlevoix.

Mr. and Mrs. Rudolph Lawrence and Mr. and Mrs. William Bowman of Gulliver boated to Beaver Island Saturday.

Mr. and Mrs. Ernest Derwin, Sr., of Manistique visited with Mr. and Mrs. James Berry, Sunday.

More than 90 million pounds of various spices are imported by the United States each year.

Curtis

Mrs. Anne Crisler attended a meeting of Mackinac County Board of Supervisors at St. Ignace.

Mrs. Florence Lowery and Mr. and Mrs. Cleo Gehrett and daughter Carolyn, returned from Newfoundland where they visited with Mrs. Lowery's son in law and daughter, Mr. and Mrs. William Kelley and family. They were accompanied home by the Gehret's son Gary who has been a student there.

Mr. and Mrs. Clayton Painter arrived from Dearborn for a visit here. Mrs. Painter will remain for the summer.

Charles Hemminghouse and friend who have spent two weeks here have returned to their homes at Chicago.

Mr. and Mrs. Roy Painter and son of Ypsilanti and Mr. and Mrs. Otto Zenker of Newberry visited at home of Mr. and Mrs. Delmer Humphrey Sr.

Mrs. George Sheppard and daughters are visiting at the home of Mr. and Mrs. Clarence Grant. Jan Sheppard was a patient at Tahquamenon General Hospital at Newberry for a few days.

Mrs. Alvin Goudreau of St. Ignace was a guest at the home of Mr. and Mrs. D. Huhphrey over the weekend. Mr. and Mrs. John Sheppard and family of Manistique also visited at the Humphrey home.

Mrs. Anne Crisler left for Rochester, Minn., where she will have a medical checkup at the Mayo Clinic.

FAMOUS HAMS

FIVE LAMPREYS taken dead from the Big Cedar River after treatment of the stream are pictured. Two of the lampreys are northern brook lampreys which are natural to the waters and not parasitic and three are sea lampreys in the stage before they develop a sucker mouth and go into the Great Lakes to feed on fish blood. (Daily Press Photo)

Big Cedar Goes Green To Konk Out Lampreys

The river water is chartreuse colored, but it is not evident unless a fish splashes and not many fish seem to be splashing in the water of the Big Cedar River these days. It is being treated with a lampicide to kill the young lampreys in the stream and break their breeding cycle in an effort of the Federal Fish & Wildlife Service to eradicate the parasites in the Great Lakes. They have about destroyed the trout fishery and seriously affected whitefish and other species.

State Briefs

GRAND RAPIDS (AP) — Some 1,200 visitors are expected here July 10-12 for the Veterans of World War I convention. Most delegates will represent the 42nd "Rainbow" Division and Michigan's 32nd, or Red Arrow, Division.

MUSKEGON (AP) — A 14.4-mile stretch of U.S. 31 between here and Whitehall was opened Tuesday to bring to nearly 1,200 miles the length of toll-free superhighways available to motorists in Michigan.

EDMORE (AP) — An \$80,000 building program will begin within 60 days at the Lutheran Home for the Aged here, directors have decided, with Edmore interests offering to aid the project by a land purchase for the expansion.

GRAND RAPIDS (AP) — 400 persons from throughout the state are expected here Monday for the four-day annual convention of the Michigan State Fire Chiefs Association.

LANSING (AP) — Sen. Garland Lane, D-Flint, has announced he will be a candidate for re-election from the new 29th Senatorial District taking in the City of Flint and the western part of Genesee Township.

CLARE (AP) — Sen. Harold Hughes, R-Clare, announced candidacy Tuesday for re-election. Hughes will seek election in the new 36th District in northern Lower Michigan.

DETROIT (AP) — William C. Marshall, executive vice president of the Michigan AFL-CIO, announced candidacy Tuesday for Democratic nomination as state senator from the new 10th District in southeastern Wayne County.

ANN ARBOR (AP) — The University of Michigan Medical Center reported receipt Tuesday of a \$26,000 grant, making a total of \$52,000 in National Science Foundation grants to explore the chemical structure of enzymes.

PORT HURON (AP) — Mueller Brass Co. Tuesday declared a regular quarterly dividend of 40 cents a share for its common stock payable July 30 to stockholders of record July 15.

MIDLAND (AP) — Circuit Judge Donald E. Holbrook of the 21st Judicial Circuit, Tuesday announced his candidacy for the new State Court of Appeals from the Third District. Judge Holbrook was elected to the Circuit Bench in 1947.

EAST LANSING (AP) — State police report they made 22,249 arrests in May, 20,463 for traffic offenses and 1,786 on criminal complaints. Troopers also assisted 6,581 motorists and gave 26,201 oral warnings to motorists.

LANSING (AP) — Automatic flashing signals and a half gate have been ordered installed by the State Public Service Commission on the New York Central Railroad crossing with relocated Robinson Rd. in Jackson County. The commission also ordered flashing light signals installed where the Chesapeake & Ohio Railroad tracks cross M 138 in Akron, Tuscola County.

When the chemical—3-trifluoromethyl-4-nitrophenol—is put into a stream it colors the water yellow and children swimming in the stream at Veterans Park at Powers splashed it into golden sprays. It is non-toxic for humans and William Gaylord of Ludington, fish biologist in charge of the working party of 23 Fish & Wildlife Service workers from Ludington and Marquette, says it can be drunk without ill effect, but there is no rush for it as a beverage.

The fluorinated nitro-phenol compound is a selective killer. The chemical restricts the ability of hemoglobin in the blood to carry oxygen and causes suffocation.

By careful control of the amount of the chemical in the water the fisheries specialists—using live fish and lampreys in laboratory buckets as controls—can restrict the kill so that it does not affect many other fish.

"We always knock out one species or another and those that are weakened by spawning seem specially susceptible, but we never kill all the fish and even where we do them in, we know of no case where they don't come back quickly," said Gaylord.

"It's tough on trout at certain times of the year, but we should not kill any now. If there were any trout in this stream they'd be dead of high temperature. It's 78 degrees and that temperature is lethal for rainbows, brooks died at 72 and browns at 82 to 84 degrees."

The Big Cedar River, which is being treated with the lampicide has an electric weir near its mouth to intercept adult lampreys going into the stream to spawn, but the weirs have not been sufficiently effective in breaking the lamprey breeding cycle and more reliance is being placed upon chemical treatment and fisheries workers believe that the battle against the sea lampreys is being won in the Great Lakes.

The electric weirs are subject to failure and if they let one female through she will lay 65,000 to 85,000 eggs. Gaylord said the fisheries workers found many lampreys on the upper reaches of the Big Cedar and its major tributaries, but not many large ones.

They're only 4 to 5 inches long when "fairly old" and live in the stream at least four years and are non-parasitic at this stage. After a transformation in which they develop a sucker mouth they go into the lakes to start their parasitic life of one to one and a half years, living only on fish blood and they grow to 17 or 18 inches in length in this period. Then they return to the streams to spawn and start the life cycle over again by spawning.

Lampreys were found in the Cedar near Perronville. They are tougher than fish and need less oxygen.

The lampicide process is expensive, but cheaper than weirs and promising quicker results. Some weirs will be kept to check the lamprey population in spawning runs.

There are a lot of small, roughfish in the Big Cedar in the Powers-Spalding area of its watershed — minnows and suckers. "There aren't many game fish," said Gaylord, "at least we haven't found any."

Also scheduled for treatment with the lampicide are Arthur Bay Creek in Menominee County and streams on the Stonington and Garden Peninsulas which had been treated before. This is the first lampicide treatment for the big cedar.

"We're causing hardship by forcing people to give up fishing for a few days," but it will help most people in the long pull," said Gaylord.

TINY RAINBOW TROUT and lampreys are checked by William Gaylord to see how they are surviving in diminishing amounts of oxygen after treatment of the water with lampicide to check the controls on treatment of the Big Cedar River in Menominee County. The chemical compound is introduced into the stream at intervals to get a proper level for treatment and not too much so that it will not be generally destructive to fish life.

WILLIAM GAYLORD of the Federal Fish & Wildlife Service dips a bottle sample of water from the Big Cedar River at Veterans Park, Powers, after the stream had been treated with lampicide to kill lampreys. Children are in the background swimming in the river.

Chicken Barbecue Is Summer Season Fun

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Barbecued chicken spells summer fun, American style and as every amateur outdoor chef knows, nothing wins the family's praise so easily.

Halved broilers are available at any meat market. The ideal size for a broiler half is about one pound. Each half serves one adult or two children.

Place the broiler halves over the fire after the flame is gone. Turn the halves every five to ten minutes, depending on the heat from the fire. Use turners or a long handled fork. The chicken should be basted with a fiber brush at each turning. The basting should be light at first and heavy near the end of the cooking period. Cooking time is about one hour, depending on the amount of heat and on the size of the broiler.

Test the chicken to see whether it is done by pulling the wing away from the body. If the meat in this area splits easily and there is no red color in the joint, the chicken is done.

And here's a good basic sauce to baste your chicken:

BARBECUE SAUCE
(Enough for 10 halves)
1 cup cooking oil
1 pint cider vinegar
3 tablespoons salt
1 tablespoon poultry seasoning
1 tablespoon pepper
1 egg
Beat the egg, then add the oil and beat again. Add other ingredients and stir. You may vary the recipe to suit individual tastes. Leftover sauce can be placed in a glass jar and stored in a cool place for several weeks.

For a small barbecue, use about 1 pound of briquets per broiler half because of excessive heat loss. Spread the briquets evenly.

Georgia is the largest producer of broiler-fryer chickens. As a judge of the Georgia Poultry Federation's annual State Cook-Off in Atlanta, we think we can spot a good barbecued chicken recipe.

Try this unusually pleasant variation the next time you want to impress the women and children in your family.

APRICOT GLAZED BARBECUED CHICKEN
(Serves 4 to 8)
2 small cloves garlic
1 tablespoon salt
2 tablespoons curry powder
2 broiler-fryer chickens
1 recipe Apricot Sauce (below)

Place garlic cloves, salt and curry powder on chopping board. Finely chop garlic then crush with back of knife, mixing salt and curry powder in with garlic. Rub cavity of each chicken with mixture. Tie chicken legs and tails together; turn wings under and secure to body with skewers. Insert spit rod through bodies and necks of chickens. Push forks into chickens and tighten screws. When charcoal has burned enough to form a gray ash, place charcoal with tongs towards rear of grill. Place the spit in position. To catch drippings, place an aluminum foil drip pan in position toward front of fire. Set the spit in motion and roast the chickens 2 to 2½ hours or until legs twist easily out of thigh joints and pieces are fork tender, basting during last ½ hour with apricot sauce.

When chickens are done, remove to hot platter. Remove foil drip pan and pour drippings into saucepan. Skim off fat and add remaining sauce. Simm the juices on grill until sauce is hot. Serve with the chicken.

To make the drip pan: Use a piece of heavy aluminum foil (comes 18 inches wide) and form an oblong tray with sides.

APRICOT SAUCE
1 (12 ounce) can apricot nectar
¼ cup light corn syrup
2 tablespoons margarine
1 tablespoon lemon juice
Dash salt
1 tablespoon corn starch
2 tablespoons water
Bring apricot nectar, corn syrup, margarine, lemon juice and salt to boil in small saucepan, stirring occasionally. Then blend corn starch and water. Stir into apricot mixture. Stirring constantly, bring to boil and boil 2 minutes. Makes 1½ cups sauce.

Note: If you don't have a rotisserie, halve or quarter chickens and rub pieces with garlic mixture. Place pieces skin side up on grill set about 6 inches from heat. Cook, turning occasionally, until a delicate brown on both sides, 45 minutes to 1½ hours. During last half hour of cooking, brush frequently with apricot sauce.

Altrusa Club Meets Thursday

Escanaba Altrusa Club will meet at the summer home of Dr. and Mrs. M. H. Garrard Jr. on Portage Point Road Thursday. A potluck supper will be served at 6:30 p. m., followed by a business meeting and program. Mrs. John Fawcett will show slides of her tour of Europe taken last summer.

The vellum head of the ketledrum may be slackened or tightened to produce any note within its range of half an octave.

Women's Activities

AVENUE MONTAIGNE is the name designer Gaston Berthelot of New York's Christian Dior house gave this black and white checkered wool dress. It's low belted, trimmed in black braid, has a button-down tab ascot collar and a loose jacket which reverses to white. This is one of winter styles previewed by American designers for the fashion press at showings in New York. (AP Wirephoto.)

Adventures In Eating Produced By Grill

By GAYNOR MADDOX

Newspaper Enterprise Assn.

Don't be just an ordinary outdoor cook. Be adventurous. Try something different—lobster tails, for example, or barbecued liver and bacon.

Use solidly frozen tails. No fuss, no thawing, just tender delicious promise. Allow two or three for each hungry man. They—the tails—eat easy.

SOUTH AFRICAN BUTTERFLY BARBECUE WITH MUSHROOM-BUTTER SAUCE
(Serves 6)

6 (4-oz.) South African rock lobster tails
½ pound butter
2 tablespoons finely diced mushrooms
2 tablespoons finely chopped onion
2 tablespoons finely diced celery
2 tablespoons finely green olives

Lay solidly frozen South African rock lobster tails shell-side up on cutting board. With large sharp knife, cut through center of hard shell and through frozen meat but not through underside membrane or end of tail section. Open tails flat to expose the meaty portion. In a little of the butter, saute mushrooms, onion and celery until soft. Add rest of butter and let melt. Stir in olives. Lightly brush meaty sections of rock lobster tails with basting sauce. Place meat-side down on grill and barbecue for 5 minutes. Turn shell-side down and grill for about 5-8 minutes, brushing frequently with sauce. Rock lobster is done when flesh is opaque and meat is tender when pierced with a fork. Serve with remaining Mushroom-Butter Sauce for dipping.

Don't let the suggestion of barbecued liver and bacon frighten you. It's great eating, Leland C. Ellis, a former U. S. Air Force pilot, now mayor of Dillon, Colo. (a Rocky Mountain village of only 85 families), a hunter and a fisherman, thought it up. The judges of the All-Male Cookout Championship in Honolulu awarded him one of four runner-up prizes.

BARBECUED LIVER 'N' BACON
(Serves 4)
2 lbs. beef or calves' liver
½ lb. bacon
½ cup barbecue sauce

Slice liver vertically into 1½-inch-thick slices. Cut slices into serving sized pieces. Wrap each piece with a slice of bacon, securing with toothpicks. They will resemble small steak fillets. Line firebox with heavy duty foil; let coals burn down until covered with gray ashes. Brush each fillet on all sides with barbecue sauce. Place fillets on edge so that they resemble a rolled roast; secure them all together by means of skewers inserted through their centers. Place on grill, rotate occasionally and cook until bacon is browned. Remove skewers and cook liver on flat sides, about 5 minutes on each. Do not overcook.

Social-Club Bureau Women

Delta County Farm Bureau Women will meet for luncheon Tuesday, July 7, at 12 sharp at Kallio's Fareway Diner. A tour of Escanaba Division of Mead Corporation will follow, beginning at 1 p. m.

Stephenson Class Of '49 Has Reunion

An enjoyable and successful reunion of the Stephenson High School class of 1949 was held Saturday evening at Hirsch's Supper Club in Gardner with 70 present.

The traditional cocktail hour began at 7 and dinner was served at 8:30. Donald Schuetter of Evanston, Ill., president of the class acted as master of ceremonies. Mrs. Patricia LeMieux Olson presented awards for the earliest reservation, Francis Rabito; person who came farthest, Mrs. Evelyn Wangerin Winters; with the most children, seven each, the Donald McGuire, Donald Schuetters and Leo Sjolholm; newest baby, Mrs. Lois Sandahl Bredczyk.

Mrs. Irene Chatlosh Marciniak presented prizes for the ideal seniors of the class of '49. Lee Bardwell won the guest prize. Songs popular in '49 were sung by the group. The dinner table was decorated with the

class motto, "Sailing, Not Drifting", done in the class colors of blue and silver, and the centerpiece was a crystal bowl filled with American Beauty roses, the class flower. Class adviser and his wife, Mr. and Mrs. Edmer LaCrosse, were guests of the class. Other teachers sent telegrams, of congratulations. Booklets with a brief history of each member of the class were presented as mementoes of the occasion. An orchestra furnished music for dancing.

Attending the reunion were David Adams and Virginia Moker Adams, Milwaukee; Mr. and Mrs. Lee Bardwell, Cedarburg, Wis.; George and Mabel Berger Eichorn, Carney; George and Irene Chatlosh Marciniak, Stephenson; J. and Evelyn Dahl Sandahl, Mukwago, Wis.; Robert and Lorraine Erickson Wendland, Milwaukee; Leo and Caroline Fisher Sjolholm, Daggett; Mr. and Mrs. Anton Grinstein, Stephenson; Mr. and Mrs. Kenneth Gronmark, Carney; Mr. and Mrs. Robert Johnson, Battle Creek; Mr. and Mrs. Warren Klitzki, Menominee; Mr. and Mrs. Arnold Kraus, Wallace; John and Ann Kroil Kiraly, Stephenson; Lloyd and Patricia LeMieux Olson, Bark River; Mr. and Mrs. Donald McGuire, Milwaukee; Albert and Ruth Nordquist Kienitz, Milwaukee; Mr. and Mrs. Marvin Poquette, Milwaukee; Mr. and Mrs. Ray Pratt, Stephenson; Mr. and Mrs. Francis Rabito, Port Washington, Wis.; Mr. and Mrs. Howard Revall, Stephenson; Ernest and Carol Raboin Mikus, Port Washington, Wis.; Francis and Helen Saltz Raboin, Port Washington; Mr. and Mrs. Edward Bredczyk, Muskego, Wis.; William and Clara Schaustine Hanson, Stephenson; Mr. and Mrs. Donald Schuetter, Evanston, Ill.; Edward and Evelyn Wangerin Winters, Columbus, Ohio; Richard Walli, Stephenson; Mr. and Mrs. Tom Winters, Menasha, Wis.; Mrs. Donna Rice Abel, St. Paul, Minn.; Jesse Hubbard, Stephenson; Frank and Betty Beaudoin Frisque, Carney; Mr. and Mrs. Kenneth Krantz, Sutton's Bay, Mich.; Mr. and Mrs. Russell Plutchak, Stephenson; Mr. and Mrs. Willis Walcher, Stephenson; Wilfred Johnson, Roselle, Ill.

Trenary

Mr. and Mrs. Charles Gray and children of Ionia are visiting Mr. and Mrs. Michael Argentin.

Work bees for Lions Club members are being held today and Thursday of this week.

William Aho and niece, Shelly Dunn, of Detroit are visiting Mrs. John Aho.

The Rev. James Ritchie will conduct his first service at the Methodist Church Sunday at 9 a.m.

Mrs. Alice Brown arrived by plane Monday from Phoenix, Ariz., where she spent the winter and spring season.

Mrs. James Reamer and Jimmy of Elkhart, Ind., are visiting her parents, Mr. and Mrs. Steve Malnor.

Altar Society

St. Anne's Altar Society of St. Rita's Church will meet Thursday evening in the parish hall. Plans will be made for the annual Festival and dinner to be held July 26.

Board Meeting

Mathias Township School Board will hold a reorganization meeting Monday, July 6, at 7:30 p. m.

Holiday Dinner

The Woman's Society of First Methodist Church will serve a turkey and ham dinner and light lunches in the church dining room July 4. Serving will be from noon through the supper hour.

Midget League

The Midget League schedule for the Fourth of July is: Eben vs. Skandia at 2 p. m.; Chatham vs. Trenary at 6 p. m. Both games will be played in Trenary. Trenary won from Chatham 6 to 1 in last Sunday's game.

Mr. and Mrs. Raymond Sischo visited in Marshfield, Wis., Carl Sischo, who is hospitalized.

Edward Laurila is a medical patient at St. Luke's Hospital, Marquette.

Mr. and Mrs. Edmond Ouellette have returned from a four week tour of Canada during which they visited Montreal, Toronto, Niagara Falls, St. Theresa, St. Madeline, Quebec and St. Andre, and attended the golden wedding celebration of Mr. and Mrs. Fortunat Ouellette. The Demond Ouellette's four sons and two daughters also attended the anniversary party.

Personals

Mr. and Mrs. Cal Hennessy and children of Charlotte, Mich., visited recently with relatives and friends in Escanaba.

Mrs. Leopold Belongie of Chapleau, Ont., is visiting with her brothers, Art and Homer Gagnier and their families.

Mr. and Mrs. Charles Rimsa of Berwin, Ill., are visiting with Mr. and Mrs. Anton Abel. Also visiting there last weekend were Mr. and Mrs. Louie Sparana of Dearborn.

Mr. and Mrs. James Heiden and Robert and Jane of Lansing are vacationing for three weeks in Escanaba and are visiting Mr. Heiden's mother, Mrs. L. J. Heiden, 1808 Lake Shore Drive.

FOR A GRAND entrance the pretty miss wears a pink silk satin evening dress plunged to the bow-belted waistline and a red velvet back-dripping jacket. The costume by Celi Chapman was modeled for the fashion press in New York for a weeklong style preview program called the American Designer Series. (AP Wirephoto)

Family Singers Will Present Concert Here

Appearing in a sacred concert at Immanuel Lutheran Church of Escanaba at 7:30 p. m., Thursday, July 9, the Karlstad Family Singers from Tacoma, Wash., will present a choral music representative of the great music masters such as Bach, Brahms, Greig, Handel, Gretchaninoff, Tchaikovsky and others.

In addition, a variety of national carols and folk songs, together with a group of seasonal hymnoid gems, will be offered.

Originating from a busy parsonage home where singing was made a special family project, The Karlstad Family Singers regard their concert appearances as a mission to provide inspiration for families in doing things together in the home.

Pastor and Mrs. Alfred M. Karlstad and their five children (Janice and Curtiss are college students, Judy is in high school, while Elizabeth

and Deborah are in elementary school) have set aside one evening each week for "family night", at which time they have pursued the difficult task of mastering a wide range of sacred music in full harmony "a cappella"—without accompaniment.

Thus a unique ensemble has been developed which is capable of producing effects generally achieved only by large mixed choirs. Many of the concert selections have been drawn from the repertoires of famous College Choirs which have graced the concert halls of the nation.

The Family Singers, for the fifth consecutive summer, are spending their vacation by traveling and giving concerts enroute. This summer, they will travel from coast to coast giving 60 concerts.

When there is a lot of sunspot in activity, radio signals are apt to bounce crazily around the earth.

FIFTEEN U.S. ASTRONAUTS attending the Tropical Survival School at Panama, Canal Zone, visit the jungle home of Chief Antonio Zarco of the Choco tribe. The group exchanged gifts with the chief and ate a jungle meal which consisted of roast boar constrictor, iguana lizard and paca, a large rodent. Chief Zarco holds one of his gifts, a Texas string necktie. (AP Wirephoto)

Fifth Peninsula County Free Of Illegal Signs

LANSING (AP) — The Highway Department said today all commercial signs have been removed from state highway rights of way in Ontonagon County, making it the fifth sign-free county in the Upper Peninsula.

All commercial signs previously were removed from Gogebic, Iron, Baraga and Luce counties.

The department campaign to clear Upper Peninsula highways of commercial signs has been bitterly opposed by some businessmen in the area.

Michigan Firm Singled Out For NAACP Boycott

WASHINGTON (AP) — The National Association for the Advancement of Colored People has singled out a Michigan firm along with two others for a so-called "selective buying boycott."

The Michigan firm is Voice of Music, a Benton Harbor manufacturer of record players and electronic components which the NAACP claims discriminates in employment.

The boycott was announced at the NAACP's convention in Washington. It also includes Lever Brothers, a major soap and detergent manufacturer, and the Quaker Oats Co., which the NAACP demanded remove "Aunt Jemima" from its product labels.

Park Hearing Asked By Knox

Congressman Victor A. Knox (R-Mich) today said public hearings on the proposal for a Pictured Rocks National Lakeshore should be held in the Upper Peninsula, preferably at Munising, before any action is taken in Congress. Knox called such hearings "an absolute prerequisite" to whatever action is taken on the legislation.

Knox said that "the Senate Interior and Insular Affairs Committee has been toying with the idea of holding such public hearings, but recent news reports indicate they have been indefinitely postponed."

"It should be made perfectly clear," Knox said, "that such hearings will be held in the vicinity of the proposed Lakeshore in order accurately to determine the degree of local support for the measure and to give those persons most directly affected by the legislation a chance to voice their opinions."

"It is essential that we know what effect the proposal will have on the new Cleveland Cliffs sawmill in the area, which represents an investment of \$15 million and employs 65 to 70 men in the mill alone, plus additional men in woodcutting, trucking, and so on. I understand that 10 to 15 per cent of the mill's supply now comes from areas that would be closed under the Lakeshore bill. We should have direct testimony on what effect

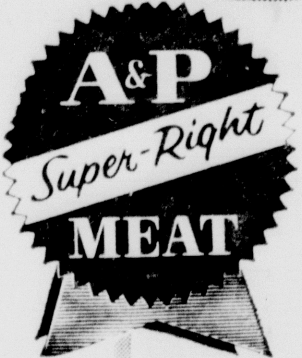

the proposal could have on this and other industries' wood supply, and what effect it will have on the future industrial potential of the area."

"There are serious questions also," Knox said, "about the effects the proposed Federal land acquisition could have on the tax bases of local governmental units, especially in light of the fact that over 38 per cent of Alger County is already government-owned. I also feel the possibilities of trading presently Federal-held lands for newly acquired property from private individuals and firms should be thoroughly explored."

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

Life In Russia Drab, Oswald Notes In Diary

DALLAS, Tex. (AP) — Lee Harvey Oswald, the cold war trouble turncoat accused of assassinating President John F. Kennedy, grew so bitter about the Soviet Union he once embraced that he called its leaders "sick."

This and other comments on his two and a half years in the Soviet Union were reported during the weekend by the Dallas Morning News in copyright stories based on Oswald's diary and other writings.

He was so disillusioned that when arrested Nov. 22 last year he would only call himself a "Marxist"—in effect retaining Communistic theory but rejecting the form practiced in the Soviet Union.

Oswald, 24, was shot to death Nov. 24 by Jack Ruby, Dallas night club operator, as the accused man was being transferred to the county jail in Dallas. Ruby, now 54, is under a sentence of death assessed him in March for the slaying of Oswald.

Widow Protests

Publication of Oswald's writing brought a demand for an investigation from William A. McKenzie, lawyer for the widow, Marina Oswald.

In a formal news statement, the lawyer said Mrs. Oswald feels that the material should not be made public until the Warren Commission, investigating the assassination, issues its report.

McKenzie said he telephoned

Rapid River Grad Gets Scholarship

MARQUETTE—Miss Callie D. Baston, a June graduate of Rapid River High School, has been awarded a home economics scholarship to attend Northern Michigan University during the 1964-65 academic year.

She is the daughter of Mr. and Mrs. Ronald Baston, Rte. 1, Rapid River.

The scholarship is awarded to a candidate that has a B plus scholastic average, completed one year or more of high school home economics, and has demonstrated leadership ability. Preference also is given to students who plan to enter the teaching field.

Driver Acquitted In Homicide Case

ANN ARBOR (AP) — Circuit Court Judge James R. Breakey Jr. directed a verdict of acquittal in the negligent homicide trial of Clarence Hatch Jr., 64, a Birmingham advertising executive.

In November, 1963, Hatch turned the wrong way onto a one-way lane on U.S. 23, north of Ann Arbor and collided with another car. John Hertz, 48, of Wyandotte and Angela Bass, 15, of Ecorse, both passengers in the other auto, were killed.

In directing the verdict, Breakey said the intersection had not been clearly marked.

J. Lee Rankin, chief counsel for the commission, who assured them that the commission did not release the material.

Reached by telephone in New York, Rankin declared, "We don't tell what the commission does" when asked about McKenzie's statement.

Joe Dealey, president of the A. H. Belo Corp., which publishes the Dallas Morning News, said publication of the diary came within the "public's right to know."

Oswald kept the diary from the time he arrived in Moscow Oct. 16, 1959, until about the time he left the Soviet Union in early 1962.

Told To Get Out

It tells of how he applied for Soviet citizenship immediately on his arrival and that the police told him to get out of the country.

"I am shocked! My dreams! My fondest dreams are shattered because of a petty official," Oswald wrote.

In despair, he slashed his left wrist but was saved by an In-tourist guide who found him unconscious in a blood-smeared hotel bathroom.

He went to the U.S. Embassy after he recovered and renounced his U.S. citizenship. Embassy officials called him a fool.

The Russians permitted him to remain and assigned him a job in a radio factory in Minsk southwest of Moscow.

The disillusionment began creeping upon him before his marriage. He was shocked when a minor Soviet official told him Russia is great in nothing but literature. A fellow worker, Andrei Tsvili, "says many things I don't know about the U.S.S.R. I begin to feel uneasy inside."

He was asked by officials in January 1961 if he wanted Soviet citizenship. Oswald said he did not, that he only wanted his residence permit extended.

On Feb. 1, 1961, he wrote the U.S. Embassy in Moscow asking to return to the United States.

About that time his diary recorded:

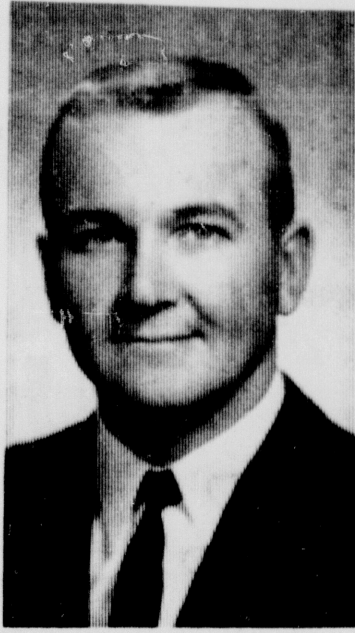

"The work is drab. The money I get has no where to be spent. No night clubs or bowling alleys, no places of recreation except the trade union dances. 'I have had enough.'"

Lansing Worker Wins \$6,850 For Two Suggestions

LANSING (AP) — William Lator, a final assembly worker at the Lansing Oldsmobile plant, hit the jackpot by winning \$6,850 for two product improvement suggestions, the Oldsmobile division of General Motors Corp. reports.

The company said the award was the largest ever presented at Oldsmobile.

Lator earned \$6,000 for suggesting a new method of attaching fender moldings. The additional \$850 was paid for an idea involving the pre-assembly of bolts and lock washers.

ARNE ROBERT Anderson received his Master of Arts degree in Industrial Education from Northern Michigan University this month. He had received his Bachelor of Arts from Northern in 1961. Anderson and his wife, the former Donna Hendricks of Escanaba will return to Grandville, Mich., where both previously taught school. He will be department head of Industrial Education. He is the son of Mrs. Arvid John Anderson of Hancock.

Vaccine By Air Now Possible

DENVER, Colo. (AP)—Whole populations can be immunized against disease without the use of needles or pills, a Denver scientist said, but human fears prevent use of the new technique.

"We have become accustomed to being injected," lamented Dr. Gardner Middlebrook, director of research at National Jewish Hospital in Denver.

He said that mass immunization through airborne vaccines is possible as a means of preventing tuberculosis, polio and measles.

A pioneer in the research of immunizing by inhaling vaccines, Middlebrook developed an airborne infection apparatus several years ago. The device is being used to test this technique on animals at several research centers.

Since 1951 U.S. scientists have made great strides in developing the technique which they call aerogenic immunization.

The basis of such inoculation depends on the use of attenuated organisms, living germs which are weakened but which are highly infectious. The organisms are sprayed into a chamber in closely controlled amounts.

A single sniff by a human, Middlebrook says, and he's immune.

The Denver scientist said mass immunizations by the airborne technique could be used theoretically to fight any infectious disease.

A big problem now is development of the highly infective but non-disease producing vaccines.

Once these are produced, then biologists will have to collaborate with engineers—particularly those experienced in ventilation—to determine proper doses for given amounts of air under all conditions.

LIGHTNING STRUCK a small horse barn at the U.P. State Fairgrounds causing considerable damage Tuesday afternoon. Ray LaPorte, U.P. Fair manager, surveys the damaged building. Repairs will cost an estimated \$2,000 to \$2,500. (Daily Press Photo)

Rainfall Soaks Area; Lightning Starts 2 Fires

The first generous rainfall in weeks drenched the Escanaba area Tuesday afternoon, accompanied by lightning that started two fires within the city.

The rain arrived about mid-afternoon and was a welcome break from the heat and dryness that had parched the area for almost a month. Precipitation is still unseasonably light and additional rainfall is needed for lawns, gardens and crops.

Within a period of a couple hours 1.20 inches of rain was dumped into the area, causing flooding at some street intersections in the city. Dense clouds brought a temporary darkness. Traffic slowed to a crawl. Drivers turned on car lights.

Heat Wave Broken
Before the storm struck the temperature in Escanaba had climbed to a hot and humid 90 degrees. That was the high yesterday recorded by the Weather Bureau here. The low of 65 was in the night hours following the storm.

Flooded streets here and there in Escanaba were the signal for children to don swimming suits and play in the water. The run-off was quick and the parched earth soaked up the rain like a blotter. Lawns yellowed by the drought were green again today and gardeners were happy at the improved outlook for their plants and flowers.

Escanaba firemen were called to the U. P. State Fairgrounds at 3:45 p. m. when lightning

struck the small horse barn on the south side of the track, starting a fire.

Before the fire could be brought under control it had damaged one end of the building considerably. Ray LaPorte, U. P. State Fair manager, said he estimates the damage at between \$2,000 and \$2,500 and said the loss is covered by the State Insurance Fund.

Strikes Near Home
Some of the damaged stalls will have to be replaced, siding applied, wiring repaired, and the building painted. The work is expected to be completed before the Fair opens in August.

The second fire call was to the George Cavadeas residence, 523 1st Ave. S., where the occupants smelled smoke after lightning struck the ground outside the home. There was no fire and no damage. This was at 4:05 p. m.

The bolts of lightning were frequent during the height of the thunderstorm. There was no strong wind, however, and the storm's benefit in restored moisture was welcomed throughout the area.

Cooler temperatures and lower humidity made today more comfortable, after the sweltering heat of the past several weeks. The temperature was 67 at 9 a. m. today and there was a cooling easterly wind off the bay.

Library Joins In Federation

Escanaba Carnegie Library board of trustees on Tuesday night approved its participation in a plan for a Mid-Peninsula Library Federation of public library services in Delta, Schoolcraft, Menominee and Dickinson counties.

The board named Victor Powers, a trustee, as its representative on a four county board which will develop the project, sponsored by the State Board for Libraries and open to a program of state aids when library federations are organized which enroll populations of 50,000 or more. The aim of the statewide program is to bring library services to everyone in Michigan.

Libraries will retain their autonomy under the proposal, but will federate for the benefits of district sharing of resources.

The populations, 23,917 in Dickinson County's Library District; 15,391 in Escanaba City Library District; 5,257 in Gladstone School and Public Library District; 4,875 in Manistique School and Public Library District and 13,396 in the Menominee County Library District (excluding the City of Menominee), plus 17,718 in the four counties unserved by libraries at present, would total 80,564 population.

The Spies Public Library in Menominee City is reported not interested in the federation at this time.

Member libraries would contribute to the federation 10c per capita or \$1,539.10 for the Escanaba Carnegie Library (the city population multiplied by .10) and \$526.70 for the Gladstone Library. This source would provide a total of \$6,248.

There would also be an incentive grant of \$5,315 from the state at the rate of 30 cents per capita for the 17,718 persons in the federation not now served by libraries, and a system grant of \$778 to make a total budget of \$12,378 for the federation.

Grants to the federation besides the money, in the form of materials would include: a \$12,084 book grant, a catalog card grant for books bought under the book grant, a collection of 5,000 to 7,000 juvenile books from the U. P. Branch of the Michigan State Library, and a collection of public library development books for extension services in unserved areas.

The federation plan calls for naming Frank Van Zanten, Dickinson County librarian as federation librarian; naming Dickinson County Library, Iron Mountain, as federation headquarters, and creating a central reference collection to receive at least one-third of the book grant materials at Escanaba Public Library.

Book grant shares would be: Escanaba \$4,028; Dickinson \$4,028; Gladstone \$886; Manistique \$805 and Menominee County \$2,336.

The federation board would be composed of one representative from each of the member library boards.

It would be necessary for county boards of supervisors to create county library boards to make them eligible for penal fines of \$9,000 to \$10,000 a year in Delta and Schoolcraft counties, neither of which has a county library system. There are such systems in both Dickinson and Menominee counties.

The county library boards are authorized to contract for a library service to unserved areas from existing systems as the funds available are not sufficient to finance a county library; If the federation were created it could administer the service financed with the new penal fine income to counties for county library services.

Papermakers To Hold School For Union Officers

About 100 officers of United Papermakers & Paperworkers Union of a three-state area will attend a leadership school in Escanaba in September in advance of a tri-state conference, Union officials announced today.

The leadership school will be held Sept. 16, 17 and 18 and will be attended by Union officers from Minnesota, Wisconsin and the Upper Peninsula of Michigan. The tri-state conference will follow on Sept. 19-20.

Instructors from the United Papermakers & Paperworkers International headquarters, Albany, N. Y., will include:

Paul Phillips, president of the International; Harry Sarye, executive vice president; Robert Baigerson, vice president; and Al Brown, secretary-treasurer.

The sessions will be held in four groups at the House of Ludington, the Chamber of Commerce building, the State Office Building, and the Court House.

Arthur Pinten, vice president and director of Region 10, composed of the three-state area, is supervising the planning for the conference, which will be hosted by Local 209.

Richard Johnson is president of Local 209, Ken West is vice president, Ray Long financial secretary, Antone Abel recording secretary, and Dale Krebs treasurer.

First Methodist WSCS Thursday

The Woman's Society of Christian Service of First Methodist Church will meet Thursday at 2 p. m. in Fellowship Hall of the church. Mrs. Vagn Gydesen will have the devotion and Mrs. Donald Ness will show colored movies of the New York World's Fair. Hostesses will be members of Harmony Circle. The meeting is open to all members and their friends.

Briefly Told

Masonic services will be held for Ernest Pearce at Marquette Thursday 7:30 p. m.

Disabled American Veterans will not hold their regular meeting Thursday night, July 2. Members will be notified of the next meeting date.

Application for a marriage license was made by Robert L. Caron, 510 N. 20th St. and Mary L. Perryman, 936 N. 18th St. and Russell J. Kent, 1226 Minneapolis Ave., Gladstone and Barbara Constantineau, 320 N. 21st St.

Ging's Bar of Marquette is the new Dewey Hansen soft-ball tournament champion after defeating Ishpeming CCI 4-0 in the title game. Defending champion Bob's Pub bowed to CCI 5-4 in the semifinals. Doug Marceau was the winning pitcher for Ging's in the championship game.

Lowell LeClair of Laurium won the Portage Lake Country Club shortstop golf tournament, downing defending champion Pete Lenz of Houghton 2-up in the finals. LeClair, tournament medalist with a six under par 66 in his qualifying round, will leave the Copper Country area for a post at Purdue University.

Bob Freimuth of Laurium, former Escanaba golfer, won consolation honors in the championship flight. He also will be leaving the Copper Country soon to accept a position with a New York golfing firm.

Daggett, a team that had lost five straight previous starts, scored an 11-10 upset over Stephenson in a Wishigan League baseball game. Pestigo and Wallace ran their respective victory strings to six games by defeating Walsh 12-2 and Birch Creek 22-10.

After bowing to the Esby Cubs 8-2 in an exhibition game here Saturday, Ishpeming's American Legion baseball team returned to action in the Marquette County League Sunday and blasted Beaver Grove 14-1. Joe Moyle tossed a five hitter and the Ishpeming batsmen slugged out 16 base knocks. The Cubs will play a return game at Ishpeming Sunday.

Top team in the Marquette County loop is the Marquette Blues who notched a double victory over the weekend, defeating Trenary 9-2 and Marquette Whites 13-1. Paul Albright, standout Marquette High School basketball player last season, is the top pitcher on the Blues' mound staff.

Richard (Red) LaCoursiere, veteran baseball coach, has been appointed the manager of the Menominee Babe Ruth stars who will receive an automatic berth in the Upper Peninsula tourney to be staged in Menominee late in July.

Niagara knocked Kingsford out of first place in the Conne Mack baseball league race by defeating the Elivvers 5-3. Pat O'Donnell and Bob Marcouiller shared the Niagara mound and contributed two triples and a double as Niagara captured its first victory of the season.

Third Out Is Tough One For Cleveland Pitchers

By The Associated Press
Mrs. Doubleday's little boy Abner decided the game ought to be played with three outs in every inning. Cleveland pitchers would be all right if they needed only two.

The Indians' staff wasn't having much trouble getting those

Roberts Takes Turn For Worse

CHARLOTTE, N.C. (AP) — Stock car racing driver Glenn (Fireball) Roberts, who improved after being critically burned during a May 24 race, has a mild case of pneumonia and has taken a turn for the worse.

A physician at Charlotte Memorial Hospital, where the 33-year-old driver from Daytona Beach, Fla., is being treated for burns over 70 per cent of his body, said Tuesday Roberts' condition is serious.

Manske Shoots Highland 33

Mel Manske led all golfers in the Highland Twilight League as he fired a crisp 33 in last night's play. Because of the rain-shortened evening, Manske played only 14 holes, but was 5 under par for the evening.

All matches were cancelled in the league because of the limited play. However, they will be rescheduled for Tuesday, July 7th.

Other low scores for the evening were Jack Smith 36, Jerry Martin and Jim Douglas 37, Dave Friets, Bob Turner, Bob Boucher, Dick Nelson with 39's.

Junior Golf Lessons Set

Pro Jim Crichton of the Escanaba Country Club today announced the times for junior golfers who will begin lessons on Thursday.

The 7-9 year old girls will report at 9; 7-9 boys at 9:30; 10-12 girls at 10; 10-12 boys at 10:30; 13-14 girls at 11; 13-14 boys at 11:30.

CAMPY'S BOYS EXCEL

CHESHIRE, Conn. (AP) — Two brothers named Campanella are making athletic history at Cheshire Academy.

They're Roy, 15, and Tony, 13, and they're the sons of Roy Campanella, the Brooklyn Dodger's great baseball catcher who was paralyzed in a car wreck several years ago.

Neither boy has been out for baseball, but Tony recently broke the academy's junior school record for the 60-yard dash, and Roy starred in junior football and basketball last season.

Tony covered the 60 yards in :06.7.

When Stan Musial retired at the end of the 1963 baseball season, he held or shared 17 major league records and 30 National League marks.

Homer In Ninth Beats Detroit; Cleveland Next

DETROIT (AP)—The Detroit Tigers returned home today with the memory of one swing that knocked victory out of their hands.

The Senators edged Detroit 6-5 Tuesday night on John Kennedy's three-run homer in the ninth inning at Washington. The blow gave the Nats a sweep of the two-game series and left the Tigers with a 6-6 record for the road trip.

The Tigers open a six-game home stand tonight against Cleveland. Detroit rookie Dennis McLain (1-0) will pitch against Tommy John (2-7).

Dave Wickersham, seeking what would have been a major league high of 11 victories, gave way to Mickey Lolich when he tired in 87-degree heat with one out and one on in the ninth.

Lolich walked pinch hitter Chuck Cottier and Kennedy followed with his game-winning blast. Kennedy had driven in another Senator run with a seventh-inning single.

Detroit jumped to a 2-0 lead in the opening inning on Gates Brown's single, Al Kaline's double and a single by Norm Cash.

Dick McAuliffe's single and a double by Don Wert gave Detroit another run in the fifth, and two more runs scored in the sixth on Bill Freehan's RBI single and an error.

The Senators scored two runs, one unearned, in the fifth. Don Lock and Ed Brinkman singled with one out and pinch hitter Fred Valentine walked to load the bases.

Then Don Blasingame sent a grounder to Lumpe, who tossed to McAuliffe to force Valentine.

But the Tiger shortstop's return throw to first was wide for an error.

Wert left the game in the fifth inning when he was struck on the left wrist by a smash off the bat of Lock. He was sent to the hospital but Tiger officials said x-rays showed no serious injury.

If Wert is unable to play tonight, Bubba Phillips will take his place at third base.

Lolich, now 7-6, took the loss. Steve Ridzik (3-1) won in relief for Washington.

Americans Seek Rowing Victory

HENLEY-ON-THAMES, England (AP) — American oarsmen at the ancient and unchanging Henley Royal Regatta set out today over a tranquil stretch of the River Thames to end a four-year slump in U.S. fortunes.

Not since 1960, when a Harvard lightweight eight carried off the Thames Cup, has the United States won a Henley title.

With the Russians in the lists and British crews still on the crest of a national revival, a return to winning form appears to be giving Uncle Sam an uphill fight.

The four-day regatta — the oldest, biggest and most tradition-laden in the world — is now in its 125th year.

Henley—a big occasion on the English social calendar—brings out both the debs and the dedicated. There are women in flowery hats and old rowing enthusiasts in college blazers and straw boaters.

The racing, however, is always high caliber. The crews row two at a time over a 1-mile, 550-yard course set between booms 80 feet apart. Passing the packed enclosures at the finish is a major test of an oarsmen's dignity. Can he still keep his head up?

America's main aspirations rest on the Harvard junior varsity crew, entered for the senior event of the regatta—the Grand Challenge Cup.

The Americans meet a Soviet eight in the first round Thursday and have already been made underdogs.

America's best chance for a title may be in the Princess Elizabeth Challenge Cup, where U.S. schoolboy crews will be rowing for the first time against their British equivalents.

The four American entries are Phillips Academy, Phillips Exeter Academy, Groton and Washington-Lee High School.

Romney Plans Capitol Check On Road Signs

Gov. George Romney told a group of Manistique persons at Iron Mountain Saturday that he would check on the highway signing program next week in Washington, D.C.

Romney met U.P. Republican workers for a registration drive meeting at Iron Mountain Saturday morning and while he was there Mrs. Fred Lorenz, 60, of Germfask presented data to him on their problem with highway signs.

The local group reported the governor said he was in sympathy with Upper Michigan persons on their sign needs. The local groups have indicated a willingness to compromise, and note that at least one identification sign in front of businesses is needed.

Public Works Employees Get Raise Of 6c

The Manistique City Council Monday night adopted a budget of \$274,300 and a companion appropriation ordinance of the same amount for it.

The budget anticipates receipts of \$125,500 in property taxes, \$600 in licenses and permits, \$15,000 in fines and forfeitures, \$100,600 in state-shared taxes and aid, \$30,400 in service charges and \$1700 other revenue.

The department or fund appropriations were altered by the Council to increase the street budget from \$87,314 to \$89,064 to provide for a 6c per hour cost of living increase for Public Works employees. The agreement was made with Local 1196 and its bargaining committee.

Also changed was the contributions and subsidies appropriation, increasing it to \$4460 from \$3210, to provide \$1,000 for the municipal band and \$250 for the fireworks in the American Legion July Fourth celebration. Fixed charges were cut \$2,000 reflecting a change in charging insurance against water and sewer departments.

The budget contains \$15,827 as a surplus for deficit (accounts payable).

Other fund appropriations are \$45,619 general; \$73,895, public safety; \$13,800, sanitation and waste removal; \$1660 parks; \$7550, recreation; \$9075, cemeteries. The budget compares with \$267,002 for the past fiscal year and actual expenditures of \$276,198.83.

Spreading of a \$360 special assessment for Chippewa Ave., sidewalk was authorized and a resolution was adopted authorizing the mayor and clerk to execute a deed for the old city hall building to the Greenwood Co., which plans a commercial development of the property.

Gordon Oliver and Cletus Courchaine of the Michigan Department of Health showed slides and samples of water tests made in the area.

Mrs. Langel Dies In Bellaire

Word has been received by Mrs. Clifford Christensen that a frequent summer visitor in this area, Mrs. Christine Langel, Bellaire, Mich., died Thursday as she alighted from the bus in Detroit, on her way to attend the wedding of her granddaughter.

She taught school 26 years in Menominee, Wyandotte, Detroit and for the past 12 years had been teaching in Elba. Her husband Julius, passed away in 1960. She is survived by four sisters, two brothers, two step-sisters and a step-son. Burial was in Michigan Memorial Park, Wyandotte.

Lancer Parents Elect Officers

The Parents' Club of the Drum and Bugle Corp met June 25th in the Youth Center, and elected Leroy Fox, president, Mrs. E. J. Doyle, vice-president, Mrs. John Koontz secretary, Leo Willour, treasurer and Mrs. Arthur Mattlin and Ben Bulthaupt, co-chairmen for publicity. Directors are Louis Rodgers and Lauritz Hough.

The Drum and Bugle Corps will march in the 4th of July parade in Manistique in the morning and in the Newberry parade at 2 p.m. They will perform at the Newberry stadium and Newberry Hospital, returning that evening to Manistique to entertain at the Hall Stadium with Jobs Daughters.

Queen Crowning Set For Fourth

Highlighting the evening performance at Hall Stadium July 4th will be crowning of Manistique's 4th of July Queen, Christine Mathson, by Joan Nelson, last year's queen.

The queen and her court will

Draft Group Picked; Early Physicals Planned

Schoolcraft County has two leaving for pre-induction and three for induction July 6th.

Jan D. LeDuc, a transfer to Chicago and John R. Jenerou are in the pre-inductee group and James M. Frankovich, Hughie W. Jenerou and George A. Smith, inductees.

Michigan local boards in July begin physical examinations of 18-year-olds, but this does not mean a speed-up in the draft, Col. Arthur A. Holmes, state Selective Service director reports. A total of 768 registrants from Wayne County will be presented for examination in July and similar calls will be issued by Michigan local boards beginning in August.

These will be conducted in addition to the regular physical examinations of some 2500 older registrants approaching induction age. The purpose of the earlier examination is to enable those qualified for military service to make definite plans for their future careers. Those found not qualified then can seek promptly such education, training or health service which can be of benefit to them.

Selective service has initiated a program of referral to local agencies for disqualified registrants.

Only 18-year-olds not deferred will be ordered for earlier examination. This eliminates students, married men and registrants who have enlisted in regular or reserve armed forces units.

The early examination will not affect the time when young men will actually be called for induction. The present order of induction under which all eligible older registrants under age 26 are called first has not been changed. The current average age of men order for induction is 22 to 23.

Cooks Wins, Will Meet All Stars

The Cooks Little League team won all five of its games to take the first half lead and Thursday night at 6:30 p.m. will meet an All-Star team formed from other teams of the league.

First half standings are:

Team	Won	Lost
Cooks	5	0
Mueller	2	2
Mstq. Recreation	0	4
Garden	0	4
Hiawatha	0	5

Second half games are scheduled July 7 between Cooks at Mueller and Hiawatha at Garden; July 9 with Manistique Recreation at Garden and Mueller at Hiawatha; July 14 with Cooks at Manistique Recreation and Garden at Mueller; July 16, with Manistique Recreation at Hiawatha and Cooks at Garden.

Highway Court Case Scheduled July 2 At Munising

A hearing is scheduled in Munising Thursday at 10 a.m. on a petition of the State Highway Department to modify an injunction issued by Judge George S. Baldwin on removal of highway signs.

The injunction was granted June 17 to Mr. and Mrs. Donald B. McNally and at the time, the restraining order was made applicable in all of Schoolcraft County.

The highway department requests that the action be limited to the plaintiffs, and that a summary judgment be given.

Class Of 1934 Plans Reunion

The Class of 1934 has announced its program for the reunion which will take place July 4th. Registration will start at 10 a.m. at the KC Hall, followed by a cocktail hour 2 p.m. to 5 p.m. At 7 p.m. the banquet will be held in Liberty Hall and a dance and social hour at 10 p.m. in the K. C. Hall follows.

The guest speaker for the event will be Russell Wilson, former principal of MHS.

In charge of arrangements are Mr. and Mrs. John Matthews.

Barbara Taylor Wins Scholarship

MARQUETTE — A June graduate of Manistique High School is one of two Upper Peninsula recipients of Margaret Wallace Scholarships to attend Northern Michigan University during the 1964-65 academic year.

The student, Miss Barbara A. Taylor, daughter of Mr. and Mrs. Cecil Taylor, Route 1, Box 75, Manistique, will enter Northern as a freshman this fall.

Miss Mary A. Minor, Menominee, is the other U. P. recipient.

19th Holers Lead Twilight League

The 19th Holers have 44 points for a first place lead in Twilight League play at Indian Lake Golf and Country Club. The drivers are next with 43 and Dubbers with 42.

The Pros have 38 points, Brassies, 37, Gas House Gang, 36; Whiffers and Divot Diggers, 35; King Pins 31, Svenskas and Barney's Badgers 27 and Tigers 25.

Pairings this week are:
Divot Diggers vs. Brassies
P. Villeneuve - N. Modders

Briefly Told

Cooks Little League team meets the All-Stars, Thursday 6:30 p.m. on the Cooks diamond.

Schoolcraft Co. Sportmen's Club meets Thursday at 7:30 p.m. in the Clubhouse.

Goodwill Club meets Thursday at 2 p.m. in the Maple Grove Hall. Potluck lunch.

During July and August, Zion Lutheran Sunday School will be held at 9:30 a.m., Sundays, instead of 9.

A recreation-sponsored dance will be held Wednesday (today) at 8:30 p.m., at the band shell.

A plea of guilty was entered in Justice Court by Bert Gemmill, 36, of Gulliver on a Health Department complaint of housing garbage and refuse on his premises in such a manner as to entice vermin. The Court assessed costs of \$4.30 and levied a 30-day jail sentence to be served if the offending situation is not corrected by July 10. The health department had given warnings earlier.

State Police ticketed Joseph N. Jenkin, Livonia; Larry W. Juul, Ingleside, Ill.; Elmer J. Halsey, Middletown, Ohio; John Pirvu Jr., Ecorse; James L. Scott, Pontiac; Joseph W. Jenks, Intake Park Road; Harold F. Dunn, Allen Park; Mary J. Pirhonen, Detroit, for speeding; William R. Chandanais, 113 N. 5th, no muffler; Signe A. Smith, 171 N. Maple, non-stop; Carol Roberts, Cooks, defective turn signal; Carl D. Archey, Germfask, expired operator license; and Paul J. Frankovich, 221 N. Cedar, defective brakes. Public Safety officers ticketed Theodora Bouchard, Rte. 1, for improper starting from a parked position, following an accident Friday in which she hit the right rear of a car driven by Taisto Orhanen, of 102 S. Cedar St., in the 300 block on Deer St.

MR. AND MRS. D. M. Creeger, Manistique, announce the engagement and approaching marriage of their daughter, Marjeanne Rose Creeger, to Donald John Kiva, son of Mr. and Mrs. Matthew J. Kiva of Marquette. The couple will exchange vows Aug. 15. The prospective bridegroom is a 1962 graduate of Northern Michigan University and is affiliated with Tau Kappa Epsilon and Blue Key honor fraternities. He is teaching at South Lake High School in St. Claire Shores. The bride-elect was graduated from Central Michigan University and is affiliated with Pi Kappa Delta Forensic honor fraternity. She will teach in the junior high school at Lapeer.

Go Kart Track Opening Here July Fourth

The Manistique Go Kart track has been completed and will have its grand opening July 4. The blacktop track has been built in the past two seasons.

About 25 drivers are expected for the opening. They will be coming from Canada, K. I. Sawyer AFB, the Escanaba-Gladstone area, and Wisconsin.

The track is located along the Manistique River, above the siphon bridge and is reached by following signs at the end of N. Cedar St. The local club has 15 drivers.

Time trials are scheduled 1 to 1:30 and races at 2:30 p.m. Trophies will be awarded. A small admission fee will be charged.

Personals

Mr. and Mrs. Al Hellsten and children, Cathy and Richard, of LaCrescent, Minn., are spending the week visiting with their parents, Mr. and Mrs. Art Nelson and Mrs. Gerda Hellsten and other relatives.

Linda Bunker of Minneapolis, Minn. is expected to arrive this week for a visit with her grandmother, Mrs. Louise Zucca.

Mr. and Mrs. Charles Bush and family are expected to arrive Thursday for a week's visit with Mrs. Bush's parents, Mr. and Mrs. R. D. Curley, 537 Oak St. Also arriving on Thursday for a visit with his parents, Mr. and Mrs. R. D. Curley, is Robert Curley of Cincinnati, Ohio.

Mrs. Buehla Rurbin and Mrs. R. F. Gardner of Detroit, are visiting at the home of Mr. and Mrs. R. D. Curley and other friends.

Mrs. Gladys Backwell and granddaughter, Gladys of Estacada, Ore., left today following a few days visit with Mr. and Mrs. Eli Voisine.

Mr. and Mrs. Lawrence Flodin and family have returned to Minneapolis after visiting relatives here and attending the wedding of Erwin Flodin in Central Lake Saturday. Also attending the wedding were Mr. and Mrs. Leonard Flodin of Alsip, Ill.

Mr. and Mrs. Herman Peterson of Seattle, Wash., are visiting relatives and friends here.

GLADSTONE

Plans Progress For July 4th

A weekend of fun and gala entertainment is being planned for residents and visitors in the Gladstone area for the July 4 celebration. Activity will center around the Van Cleve Park area and will begin Friday, July 3 at 2 p.m. with pram races, open to all boys and girls who are registered for pram sailing with the City Recreation Department.

Dr. Elov Kinnie is in charge of arrangements for the week-end and announces that the food and refreshments stand will open at 2 p.m. Friday.

A fish fry, served by Mr. and Mrs. Floyd Swift, will begin at 5:30 p.m. Friday at the Gladstone Yacht Club, followed by dancing.

Independence Day activities will open at 10 a.m. with a Girl Scout flag raising ceremony in the ball diamond area. From 10 to 11:30 a.m. a fishing contest, open to all boys and girls from 7 to 14 years of age, will be held in the harbor and lagoon. There will be prizes for the largest and most fish. All entrants must register with the harbormaster.

At 11 a.m. a group headed by Schram and Joe Waeghe will begin serving charcoal grilled bratwurst and will serve throughout the day from the booth and in the ball diamond area.

Children's games start at 1 p.m. with a group headed by Harold Apelgren conducting the games for children of all ages.

A baseball game between Gladstone and Stephenson will start at 2 p.m. and at 2:30 p.m. games and refreshments for adults will begin.

Around 4 p.m. when the baseball game is over the U. P. Chiefs Motorcycle Club will present an exhibition of trick and fancy riding in the ball diamond area.

Typical of an old-fashioned July 4 celebration will be fire-

men's water fight. At 5:30 p.m. teams of volunteer firemen from towns in area will attempt to drive a barrel of beer over their opponents goal lines with water under high pressure. As an added incentive, the winning team gets the barrel.

At 6 p.m. a group of 62nd fighter interceptor from K. I. Sawyer AFB will present a series of flyovers. This will also begin the supper hour in the park and pram sailing for adults. The Girl Scouts flag lowering ceremony will be held shortly after.

The fireworks display will begin at 9:15 p.m. in the 10th St. dock area of the park. Dancing in the Yacht Club for members and guests will begin at 10 p.m. with Chet Marrier's orchestra. A teenage dance will be held in the parking lot area at the same time.

Sunday's activities will begin at 10 a.m. with pram sailing and at 11:30 a.m. Carrol Jarvey and his crew of Yacht Club cooks will begin serving chickens cooked on charcoal grills in the ball diamond area. The adult games and refreshments will get under way at 12 p.m. in the ball diamond.

The Silver Spur Saddle Club and the Circle 4-H Club riders will present a precision, trick and fancy riding display from 2 to 6 p.m. south of the ball diamond.

Teenagers can dance in the Yacht Club parking lot area from 3 to 5 p.m. and at 5 p.m. prizes will be awarded during horse show intermission. The weekend will close at 6:30 p.m. with supper in the park.

Legion Auxiliary Picnic July 30

August Mattson Post 71, Legion Auxiliary, made plans for their annual picnic to be held at the Rapid River Park on July 30 at their regular meeting Monday evening at the Legion Hall.

Mrs. Peter Schram reported on the U. P. Convention held recently in Iron Mountain and Mrs. Lawrence Grenier received the special award.

Refreshments were served by Mrs. Mary Boullion, Mrs. James Kennedy and Mrs. Fred Breitman. The next regular meeting will be held July 27.

GLADSTONE

Briefly Told

Gladstone Lodge 396, F & A M, will hold a regular communication at the Masonic Temple at 7:30 p.m. Thursday. Visiting Masons are invited.

Lowell R. Johnson of Marquette reported to Gladstone State Police that he struck and killed a deer on M-35 1.5 miles south of the Delta-Menominee County Line at 4:30 p.m. Monday.

Harry Buckman of Rapid River reported to State Police that his grocery store was entered sometime Monday and that a wrist watch, transistor radio and assorted change was stolen. Investigation is continuing.

Senior Citizens Seek Furniture For Their Club

Gladstone Senior Citizens are asking for donations of furniture to make their new recreation center more comfortable and attractive.

A meeting was held Monday evening and plans were made to start moving the furniture which is already available into the space allotted in the City Hall basement.

According to John Kegel, who has spearheaded the project, any cribbage boards, chess sets, card tables, chairs, floor lamps, current magazines or other articles which could be donated would be greatly appreciated by the group.

Kegel reported that work has begun on the shuffleboard court in the parking lot across from the City Hall.

Canadian Holiday

TORONTO (AP) — Sporting events, parades and festivals range throughout Canada today as the nation observes Dominion Day, marking the 97th anniversary of its birth.

MRS. ROBERT TARDIFF, who was married Saturday at All Saints Church is the former Maureen Weber, daughter of Mrs. Charles Weber, 714 Minneapolis Ave., and the late Mr. Weber. The bridegroom is the son of Clarence Tardiff, 602 N. 7th St. and the late Mrs. Tardiff. Following their wedding trip through Copper Country the newlyweds will be at home at 1319 1/2 Delta Ave. (Riding's Photo)

The special event for Tuesday, July 7, will be a Fishing Derby in the Yacht Harbor from 1:30 to 3 p.m. Prizes will be awarded for the contestant catching the most fish in a given time, the smallest fish, largest fish and the youngest fisherman. Candy bars will be given to each participant.

Ladies Aid

St. Paul's Lutheran Church Ladies Aid will hold a picnic at the Steve Trekas cottage on M-35 on Wednesday, July 8. The date for the picnic was changed because of conflicting events.

Those attending the picnic are asked to bring their own table service.

Briefly Told

Ray Morin, owner of Ray's Market in Rapid River reported to State Police that an attempt to enter his store was made sometime Monday night, police are investigating.

State Police investigated a one-car accident Tuesday at 6:35 p.m. Anastasia Babladelis of Manistique was going north on M-35, three-tenths of a mile north of A-35, when the right rear tire on her vehicle blew out causing her to lose control and hit a cement pump abutment owned by Joseph Wellman of Rte. 1 Bark River. No tickets were issued in the mishap.

Chief Resigns In Bingo Bout

BAYTOWN, Tex. (AP) — Police Chief Robert L. Forchue, who has led a campaign against bingo games by fraternal organizations, has turned in his resignation.

He said he was quitting because of "harassment of his family by politically motivated persons."

More people get more news from newspapers than from all other sources combined.

by J. R. Williams

Jackson Of Cubs Fires One-Hitter In 1-0 Win

By The Associated Press

Jim Bunning of Philadelphia, one of the few men to pitch a perfect game, and Ken Johnson of Houston, one of the few to lose a no-hitter, faced each other.

So, who came closer to perfection? Larry Jackson of the Chicago Cubs.

The Bunning-Johnson duel failed to materialize at Houston Tuesday night. Bunning lost his bid for a perfect game in the first inning and Johnson never survived it—the victim of three errors that led to five runs and an 8-1 Philadelphia victory.

At Chicago, however, Jackson had a perfect game for six innings against Cincinnati and admittedly had started thinking seriously of a no-hitter.

"For the first time in my life I really felt I had a chance," said Jackson. "The thought which raced through my mind was that I could do it if I went through the order one more time."

He couldn't get past the next batter. Pete Rose, leading off the seventh, ripped a slider into center field for a single. That was it for the Reds, however.

Jackson set the final nine men down in order, winning 1-0 over Joey Jay, who was touched for only two hits.

"I threw Rose a slider down low," Jackson explained, "but it was through the middle and I imagine he guessed with me."

Jackson's one-hitter made him the sixth 10-game winner in the National League and put him in an exclusive group of seven NL pitchers who have hurled no-hitters or one-hitters this season, surpassing the entire 1963 total.

San Francisco's Gaylord Perry also turned in a shutout, blanking the New York Mets 5-0 on three hits as the Giants remained one-half game in front of the Phillies. Milwaukee edged St. Louis 5-4 in the only other game scheduled.

Bunning, knocked out in his last start Friday, posted his first victory since his June 21 perfect game against the New York Mets by checking the Colts on five hits. Any thoughts of another perfect game left after the leadoff batter drew a walk and any prospects of a no-hitter disappeared when Nellie Fox, the second man up, singled.

Johnson, meanwhile, never had a chance. Walt Bond dropped a fly ball hit by the Phillies' leadoff batter, Tony

Taylor, and later in the inning added a throwing error while Joe Gaines also dropped a fly ball in the Phillies' five-run burst. Bunning, now 8-2, chased Johnson, 6-7, with a two-run single that wrapped up the rally.

Jackson, 10-5, allowed only five balls to be hit to the outfield as he outdueled Jay, 4-4. Jay became the loser when the Cubs scored in the sixth on a

walk to Dick Bertell. Jackson's sacrifice and a single by Jimmy Stewart.

Perry retired 19 consecutive Mets at one stretch, brought his record to 6-3 and lowered his earned run average to 1.65 as the Giants won their 10th game in the last 12. Perry received home run support from Orlando Cepeda and Tom Haller.

hits for the Braves, including a homer, before pinch hitter Ty Cline clinched it for Milwaukee with a two-run homer in the eighth. It was Cline's first homer of the season and tagged Cardinal reliever Roger Craig with the loss.

Pitcher Knew He Had Chance

CHICAGO (AP)—Larry Jackson has never pitched a no-hitter and by his own admission, has never thought of pitching one—except for a moment Tuesday.

"After I had retired the first 12 men in order," said the 33-year-old Cubs' right-hander, "I went into the dugout and told the boys to get me some runs because I'm not even a shutout pitcher, let alone a no-hit pitcher."

"I knew what was going on and I didn't want anyone to tighten up in my behalf," continued Jackson. "I also knew Joey Jay was going to pitch a great game so I decided to make some crack to loosen everyone up."

Except for a leadoff single by Pete Rose in the seventh inning, Jackson pitched perfect ball and hurled the Cubs to a 1-0 victory over the Cincinnati Reds. The only run Jackson needed came on a run-scoring single by shortstop Jim Stewart in the sixth inning. Stewart, who also doubled in the first, accounting for all of Chicago's hits off Jay.

After Jackson had retired the first 18 Reds in order he started thinking seriously of a no-hitter and possible a perfect game.

"For the first time in my life I really felt I had a chance," said Jackson. "The thought which raced through my mind was that I could do it if I went through the order one more time."

It all ended quickly. Pete Rose, the first man Jackson faced in the seventh, singled to center. After that Jackson retired the last nine men in a row to record his 10th victory in 15 decisions.

Yachts Finish Atlantic Race

NEWPORT, R.I. (AP)—Three more yachts have finished the gruelling single-handed Transatlantic yacht race from Plymouth, England, to Newport.

The boats which crossed the finish line Tuesday were the Jester, skippered by British Navy Lt. Herbert Hasler, the Australian boat, Star Drift, with W. B. Howell aboard, and Dr. E. H. Lewis of England piloting the Rehu Meana.

McKinley Gets Southpaw Rest

WIMBLEDON, England (AP)—Chuck McKinley, the defending Wimbledon tennis champion, faced a right-handed opponent today for the first time since the tournament's opening round—and his foe was the last barrier between McKinley and a berth in the final.

The American ace met Fred Stolle, the tall Australian he beat for the title a year ago.

Top-seeded Roy Emerson of Australia played Germany's Wilhelm Bungert in the other semifinal.

McKinley, Davis Cup star from San Antonio, Tex., said he wasn't bothered by having to play four left-handers in succession. He reached the semifinals by defeating southpaws Tomas Koch of Brazil, Torben Ulrich of Denmark, Billy Knight of Britain and Abe Segal of South Africa.

"I take every match on its merits," McKinley said. "Right or left-handed, I just take them as they come."

Maria Bueno of Brazil, seeking to regain the title she won in 1959 and 1960, plays Miss Turner in Wednesday's other semifinal.

Willie Worried About Family

NEW YORK (AP) — Willie Smith, the rookie batting sensation of the Los Angeles Angels, has been hammering away at enemy pitchers as if he doesn't have a care in the world.

Actually, the weight in his heart is heavier than in his bat. The youngster joined the Angels last April 28. Two weeks later he learned that his home in Anniston, Ala., had been burned to the ground. Smith said his family told him that suspected segregationists were involved.

In Anniston, Fire Chief James Ballard said no segregationists were involved and blamed the fire on apparent carelessness. Ballard said there was no evidence of foul play.

But AL President Joe Cronin said today the field is too strong to name a sure-fire candidate as mid-season nears. From what he terms a "great crop," Cronin puts Baltimore pitcher Wally Bunker and Boston outfielder Tony Conigliaro in the first rank with Oliva.

"It's just too early to pick a rookie-of-the-year," Cronin said in reviewing the general youth movement around the circuit which pleases him so much.

Oliva is the Cuban-born left-handed hitter who used his brother's passport to enter the United States and since has taken the league by storm. He recently lost the lead in the batting race he had held virtually all season.

"But don't forget Bunker," Cronin said. "His record speaks for itself. He won his first six decisions and seven against two losses over-all."

"Boston's Conigliaro has got that great desire. He's only a 19-year-old kid but he's going to make himself a great ball player because of his desire. He acts like he wants to play."

Conigliaro was hurt crashing into a wall in Chicago last week, but is ready to return to action.

OAKLAND, Calif.—Luis Molina, 138, San Jose, Calif., outpointed Tony Perez, 138½, Mexico City, 10.

Three Rookies In Contention

BOSTON (AP) — Tony Oliva, the Minnesota Twin who used the wrong passport to get into the country, may be writing his own ticket to American League rookie-of-the-year honors.

But AL President Joe Cronin said today the field is too strong to name a sure-fire candidate as mid-season nears. From what he terms a "great crop," Cronin puts Baltimore pitcher Wally Bunker and Boston outfielder Tony Conigliaro in the first rank with Oliva.

Money Problem

Former Resident Discusses Coins

William Bonifas, former Escanaba resident now residing in Colorado Springs, Col., is spending a week's vacation in Escanaba visiting friends and relatives and finds most topics of his conversation turn to money.

This money talk isn't too unusual for Bonifas. He is head teller at Central Colorado Bank in Colorado Springs. Everyone wants to know about the coin shortage problem in Colorado and also about the silver dollar situation.

According to Bonifas there is a very serious shortage of pennies and nickels in Colorado when he arrived in Escanaba he purchased \$200 worth

William Bonifas

of nickels from a local bank to send back there. Pennies were not available in Escanaba either, it seems this city has a shortage too, and not enough to spare.

"Coin vending machines and parking meters hold coins for a week or more and this is creating a shortage all over the nation," said Bonifas.

When asked about the silver

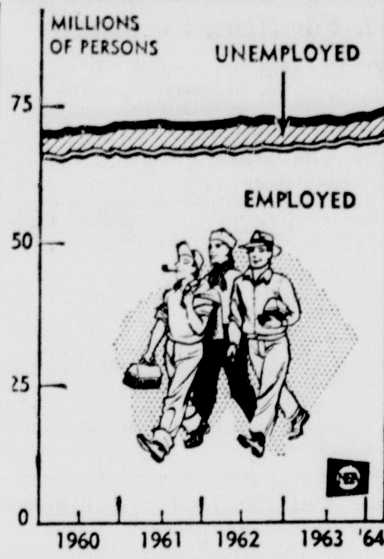

dollar Bonifas said, "Western states have used the silver dollar for stock and trade for many years and the federal government refused to continue minting the silver because it would be impractical. The general public is misled in thinking that there isn't going to be any more silver dollars in circulation so they are starting to save them.

"The silver dollars haven't been recalled and will still be in circulation so saving them will not mean future added value. The use of the silver is a strong tradition out West. It's also a little more practical for those cowboys who still ride horseback because the silver won't be damaged by wear and rain as paper currency would."

Bonifas has been in Colorado for the past three years, he was formerly employed as a teller at the First National Bank in Escanaba. He loves the climate of his new home and commenting on the hot, humid weather in Escanaba the past few days he said, "A 90 degree temperature doesn't faze a person in Colorado because it is unusual for the humidity to ever go beyond 20 per cent."

"Colorado is beautiful country. Our home is 30 minutes from Pike's Peak. The first week in June a train, loaded with tourists, went up the Peak and when they reached the summit a wind created snow drifts across the track and the 18 passengers found themselves snowbound.

"The railroad, worried about

THE UNEMPLOYED — A fairly constant ratio between the employed and unemployed in the United States over the past four years is noted on this Newschart. According to the National Industrial Conference Board, employment hit a record 70.6 million in April, while about 4 million were unemployed.

what the tourists would think, rushed another train to "rescue" the stranded group. When the second train arrived it found the tourists having the time of their life sightseeing, and delighted with the prospect of having something really unique to write home about."

Bonifas is married to the former Patricia Guertin of Garden and they have seven children. They will leave this week to return to Colorado.

New Soo Lock Job Awarded

WASHINGTON (AP) — Award of Defense Department contracts totaling more than \$40 million was announced Tuesday by Sens. Pat McNamara and Philip A. Hart, Michigan Democrats.

They included:

McNamara Construction Co., Manitoba Ltd., Toronto, Canada, \$21,471,690 for construction of the second Poe Lock at Sault Ste. Marie, Mich. This is part of the St. Mary's Falls canal project.

Lear - Siegler, Inc., Grand Rapids, \$2,002,770 for 126 bomb release computer sets.

General Motors Corp., Chevrolet Division, Detroit, \$4,531,840 for parts for the 105 millimeter projectiles.

General Motors Corp., Detroit Diesel Engine Division, \$1,468,206 for 513 engines.

Albion (Mich.) Malleable Iron Co., \$1,731,240 for metal parts for projectile body work.

Chrysler Motor Corp., Detroit \$6,108,480 for 2,121 one-ton power wagons.

Continental Motors Corp., Muskegon \$3,704,860 for 2,000 engines.

New Civic Center In Grand Rapids Given Approval

GRAND RAPIDS (AP) — In an unannounced meeting Monday, Kent County and Grand Rapids officials approved a new multi-million dollar civic center complex on a 44-acre downtown urban renewal site.

City Commissioner James Baker said plans call for a hall of justice and a civic center to house city and county offices. The complete plan is expected to be made public today, he said, when it is offered to the city commission.

Combined with a public works project on another 13-acre site, the project will be financed by county and city taxes approved by voters in 1963 on a pay-as-you-go basis.

Michigan Traffic Killings Hit 914

EAST LANSING (AP)—Traffic accidents have killed 914 persons in Michigan so far this year, provisional figures compiled by state police showed today. The highway death toll at this date last year was 782.

State police, meanwhile, reported final figures showed 21,119 traffic accidents in May killed 149 persons and injured 11,102 others.

The death toll was the same as for May of a year ago but there were 1,143 more injuries and 2,191 more accidents during the month.
